

Welcome to 8th Grade ELA

Dear 8th Graders and Parents,

The summer slide: it sounds fun, but it can make the transition from seventh grade to eighth grade very difficult. Saints John and Paul School students can start strong in September if their reading habits don't "slide" away during the summer.

Students entering 8th grade must read: **8A: The Book Thief** by Markus Zusak and **8G: The Boy in the Striped Pajamas** by John Boyne. After reading the novels, they are to complete the given exam/writing project. This will be collected and graded during the first week of school and will count towards their first quarter ELA grade.

Please encourage your child to read other books for enjoyment this summer. Have a terrific summer!

Sincerely,

Rose Scozzari

Section 2: Culminating Activity.

Choose ONE of the following activities to complete.

1). **Book Review:** Read a number of different book reviews from different sources. Try to identify the key points that form the framework of a successful review. These points include:

- plot summary
- description and discussion of characters
- information about the settings
- explanation of the themes
- your personal response to the book
- a recommendation and rating (usually a mark out of 10; a star rating or grade)
- you may also provide information about the author

Task: Write a book review of The Book Thief for publication in a newspaper, magazine, or journal of teenage fiction.

2). **Creative Writing:** Near the end of **The Book Thief** there is a big gap in the time between Liesel and Max reuniting at the end of the war to Liesel's death in Sydney. What do you think the rest of Liesel's life turned out to be like? What effect did the war have on her personality?

Task: Write another chapter in the life of Liesel. This could be:

- just after she and Max reunite
- the events and decisions that led her to leave Germany
- who she married and how they met
- anything else of your choice

Your chapter must complement the author's style.
