Academic Policies

Academic Expectations

The school expects students to perform to the best of their ability. Teachers are expected to evaluate student progress on a regular basis. Students will be given quizzes or tests regularly. After the test is graded, it will be sent home for the parent/guardian to review and sign. A parent/guardian's signature indicates that the parent/guardian is aware of the student's progress.

Graduation

At the discretion of the principal, each school has the right not to certify the student's graduation or provide transcripts of the student's academic record to third parties such as other schools, colleges, or employers, or to issue a diploma to the student, if there has been a breach of a material condition of this educational contract (i.e., failure to meet financial obligations and/or infractions against the school's code of conduct).

Homework

Homework is an essential part of the instructional program and, reinforces learning, and provides students with opportunities to practice what they have learned. This practice helps students establish good study habits, become independent learners, and strong readers, writers, and mathematicians. All homework times include a minimal of 15 minutes of reading (or being read to).

The time allotments for homework are as follows: (approximately)

Grade	Reading (minutes) Addition to or inclusive to homework	Written & studying (minutes)	Total Minutes
Pre-Kindergarten	Families and children spend time together reading books 10	Homework when appropriate	10-15
Kindergarten	Families and children spend time together reading books 10	15 minutes may be given short homework related to the curriculum	25
First	15 (may include homework)	30	30
Second	20 (may include homework)	30	30
Third	20 (may include homework)	45	45
Fourth	20-30 (may include homework)	45	45
Fifth	25-30 (may include homework)	90	90
Sixth	30-35 (may include homework)	90	90
Seventh	35-40 (may include homework)	120	120
Eighth	40-45 (may include homework)	120	120

Students are required to complete all homework. Reading will be tracked by the teacher. Each teacher will determine the appropriate method for their class and how it will be graded.

Grades and Grading

Report cards are distributed four times a year for Grades 1 to 8. Pre-Kindergarten and Kindergarten report cards are distributed (**two to four**) times a year. The report card is an important part of the ongoing communication between the school and the home. Dates for progress reports and report cards are indicated on the school calendar.

Academic Achievement

The first part of the Archdiocesan Report Card is used to mark the student's achievement in academic subjects.

- The achievement mark in each quarter is based upon the demonstration of mastery of material covered in class such as:
 1. Classwork/Participation
 2. Homework
 3. Quizzes
 4. Formative Assessments
 5. Summative Assessments

There are no grades for Computer Science, Music or Library as these areas are to be supportive of, and integrated into, the total learning process.

Foreign Language will be given a letter grade in grades First through Fifth Grade since the class meets less than 120 minutes per week. Foreign Language will be given a numerical grade for grades Sixth through Eighth grade since the class meets more than 120 minutes per week. Their grade will also be averaged into their grade point average (GPA).

The Final Report Card Grade is the weighted average of the four previous quarter grades (with mid-year and end-year tests in Religion for grades 3-5 and in all core subjects for grades 6-8). Saints John and Paul School requires all fifth grades to take mid-year and end-year exams in all core subjects except for Language. The Final Grade will be recorded on the student's permanent record.

- Numerical marks are recorded on report cards for Grades 1– 8.
- The marks are an average of summative assessments, quizzes, classwork, homework, and formative assessments.
- Passing is any mark 70% or above or any mark of D or higher.

Parent/guardians will be informed in a timely manner in the event of a student who is not satisfactorily performing in a course or activity.

Character Development

The Conduct and General Effort Scale indicates grades for General Effort and Character Development. A single letter grade is used with progress codes indicating improvement needed in any sub-category.

Honor Roll

The criteria for inclusion in the Honor Roll are particular for each school. Students enrolled in the Fluent French program receive weighted grades given the advanced nature of their language course. As an acknowledgment of achievement in academics is:

Grades 1 – 5	N/A	
Grades 6 – 8	High Honors	97% and above average; no mark less than 95.
	First Honors	93% to 96% average; no mark less than 90%
	Second Honors	90% to 92% average; no mark less than 85%

Good conduct is a requirement to receive High Honors, First or Second Honors.

A student must receive an A (excellent) in conduct to be eligible for High Honors. A student who does not receive an A in conduct will not receive High Honors even though marks might warrant it.

Good conduct is a requirement to receive First or Second Honors. Therefore, a student must receive an A (excellent) or B (good) in conduct to be eligible for First or Second Honors. A student who does not receive an A or B in conduct will not receive First or Second Honors even though marks might warrant it.

Schools have the discretion in determining whether or not a student received Honors depending on the individual school's attendance and lateness policy.

Report Card Distribution

Report cards are distributed according to the school's designated schedule. Report cards will be withheld if financial obligations have not been met and fees are outstanding.

Retention/Promotion

Very few decisions we make about children are more important than recommendations to promote or to retain a student. When a school accepts a student, that school accepts the responsibility for providing appropriate instruction to help the student achieve the prescribed goals. If the student successfully achieves the program's objectives, the student progresses to the next level.

Testing, diagnosis, and actual performance, however, may indicate that some students cannot follow the school's complete course of study. The principal and school faculty develop for each of these students a special program, based on the school's regular program, which follows the New York State Standards. A copy of the student's modified program is retained in the student's file. Conferences must be held with the parent/guardian periodically to inform them of the specific demands of this program and on-going progress. Therefore, the decision to retain a student presupposes that the school has done everything to help the student achieve success, and the student still has not made satisfactory progress.

If a student is being considered for retention, teachers must begin discussing this possibility early in the school year with the principal. Parent/guardian conferences must be held periodically, and notification of the possibility of retention must be made no later than mid-January, with written notation having been made on the report card. Although the teacher consults with the principal, the final decision for retaining a student rests with the principal.

The following are specific criteria that will assist teachers as they consider a recommendation for retention.

The student has failed to pass the major subjects on each grade level.

The following table indicates the specific failures by grade level that might result in retention at that grade level:

<u>LEVEL</u>	<u>ACADEMIC PROGRESS</u>
Kindergarten	Evidence that the child is not meeting academic expectations of the program.
Grade 1	Evidence of insufficient developmental progress and a failure in English Language Arts (ELA)
Grade 2	Failure in ELA
Grade 3	Failures in ELA and Mathematics
	Failures in ELA and Mathematics,

Grade 4, 5, 6	<p style="text-align: center;"><i>or</i></p> <p>Failures in ELA or Mathematics and failures in two of the following subjects: Religion, Science, and Social Studies</p>
Grade 7, 8	<p>Failures in ELA and Mathematics</p> <p style="text-align: center;"><i>or</i></p> <p>Failures in ELA</p> <p style="text-align: center;"><i>or</i></p> <p>Failures in ELA or Mathematics and failure in one of the following subjects: Religion, Science, and Social Studies</p>

The student has not demonstrated acceptable progress toward mastery of standards. The following types of behavior might indicate unacceptable progress:

- failure to complete assignments
 - failures on multiple summative assessments
 - repeated scores of 1 (“below standards”) in several standard domains on report card
- Generally, a student would be retained only once in the elementary grades (1 - 5), and only once in the upper grades (6 - 8).
 - If a student completes all the requirements for promotion or graduation, a family cannot self-select the student to be retained in their grade.

Assessments

In addition to class and school exams, every student will take part in the Archdiocesan testing program, which includes the Archdiocesan religion test, interim assessments, and New York State Education Department assessments. All students enrolled at our school are expected to participate in all exams and assessments. No alternative assignments will be provided. If parent/guardian refuse to allow their child to participate in New York State Education Department assessment, their child will not be permitted to attend school during testing hours. Students may arrive once testing is completed.

Accidents

Student accident insurance included in the school's yearly fees. In the event of an accident at school you may obtain a claim form from the office.

Please note that the school accident insurance usually is secondary to the parent/guardian's own medical insurance coverage.

Admission Policies

Roman Catholic Schools in the Archdiocese of New York base their educational purpose and all their activities on the Christian teaching of the essential equality of all persons as rooted in God's love.

Thus, with discrimination so repugnant to their nature and mission, Catholic schools in this Archdiocese do not discriminate on the basis of race, color, national and ethnic origin, or gender in administration of educational policies, admission policies, scholarship and loan programs, and athletic and other school-administered programs.

This policy is subscribed to by all Catholic elementary and secondary schools in the Archdiocese of New York, whether owned or operated by the parishes within the Archdiocese, Catholic school regions, or religious communities within the Archdiocese.

The process for admission to the school is: parent/guardian must complete the school application form and provide all required documents. Following an interview and evaluation of the materials, the parent/guardian will be notified in writing about the status of the child.

While admission is on a first-come, first served basis. The school endeavors to give preference in admission following these guidelines: first, to siblings of currently enrolled students; second, to Catholic students whose parent/guardian are active members of the parish, or if a regional school, active in a parish in the region; third, to Catholic students whose parent/guardian are active in another Catholic parish or, if a regional school, active in a parish outside the region; and fourth, to non-Catholic students.

After School Program

An aftercare program is available to parent/guardian. As long as a student is engaged in school sponsored programs or activities, the student is expected to follow school policy. Directors of individual activities may also issue rules of behavior, which recognize the special nature of non-classroom activities. In instances where students are picked up, parent/guardians are expected to make arrangements to pick up their children at the end of the program or activity. Students will be released only to a parent/guardian or a person previously specified IN WRITING by the parent/guardian. Program fees are expected to be paid in full upon being invoiced. Past due balances will result in your child not being allowed to participate in the program until their accounts are brought up to date.

Announcements

Informational announcements are handled through the school P.A. system. Courteous attention is expected when any message is presented over the P.A. system, especially when prayers are said. All announcements must be written, brought to the office and approved by the principal.

Attendance

In the State of New York, full-time education is compulsory from age six to age 16. Regular attendance is the responsibility of the child(ren)'s parent/guardian.

Excused Absence: A child is legally absent from school for the following reasons: sickness, sickness or death in the family, impassable roads or extreme weather; all other absences are unexcused.

Lateness: A child should come to school even though he/she may be late. All lateness is recorded and marked on the report card. Parent/guardian will be consulted about chronic lateness, and the child may be required to make up time missed.

When the child returns to school from an absence, a completed absence form must be given to the teacher (See Appendix). This form is distributed at the beginning of the school year and contains appropriate spaces for the child's name, date of absence, class, reason for absence, and the signature of a parent or guardian.

Doctor or dental appointments should be scheduled for after school or on Saturdays. Family vacations are not to be planned for those days when school is in session. The school provides families with an annual calendar to ensure that does not happen. If it is necessary for a child to be dismissed during the school day, the parent/guardian or adult (must be 18 years of age or older) chosen by the parent/guardian MUST come to the school for the child. The school must be informed ahead of time about such occurrences.

Students in kindergarten through grade eight who miss ten or more days of the school year, whether excused or unexcused, and who have not satisfactorily completed the required work, may be considered for retention. Students with more than 10 absences are in jeopardy of not successfully completing the school year. Principals will meet with the student's parent/guardian/legal guardians to determine appropriate next steps. Certification of an absence by a physician is an exception to the ten-day limit. However, satisfactory completion of required work is required.

When a child is absent, parent/guardians are required to notify the school by 9:00 A.M.

Absence notes are still required upon student's return to school in addition to the phone call. Excessive absences and lateness may be considered educational neglect.

Birthday Parties

Birthday parties for Grades K – 3 may be held monthly in each homeroom with the teacher's permission. Parent/guardians should notify the teacher in writing. Parent/guardian and teacher must coordinate a date and time that would be appropriate for the class party. Parent/guardian may bring small individually wrapped items such as cupcakes, brownies, etc. SJP School prefers a healthy snack when possible. Parent/guardian may not bring in favors or "goodie" bags for the students.

Books

All resource materials chosen for use in academic courses must be consistent with the religious nature of our schools. Books, DVDs, or other electronic-based supplementary resources that contain profanity, inappropriate sexual references, and other immoral information would be in violation of this policy.

All books must be properly covered. Contact paper is NOT to be used to cover any books obtained under N.Y.S. Textbook Loan. These books are stamped on the inside front cover. Each child is responsible for keeping his/her books in good condition. Books that are lost or defaced become the

liability of the student and his/her parent/guardian. If a book is lost or defaced, the school will bill the parent/guardian for the cost.

1. **ASSIGNED TEXTBOOKS:** When a textbook is lent to a pupil on a semi-permanent basis, the New York State Department of Education requires that:
 - a. the pupil's name be placed in the space provided in each book
 - b. the teacher makes a record of the number of the book
 - c. the teacher makes a record of the condition of the book
 - d. in September, each child will put a clean cover on each textbook received
 - e. in June, all textbooks are collected, extra materials and covers are removed.
 - f. all workbooks are collected in June.

2. **SUPPLEMENTARY BOOKS:** When books are handed out to the children for use during a specific period within the classroom, they will be immediately collected after they have been read. If the book is to remain with the children for any length of time, his/her name must appear in the book and the teacher should have a record of this.

3. **LIBRARY BOOKS:** Books may be borrowed for two weeks. Books are charged to the child so that he/she will have the experience of signing out a library book and abiding by due dates. If books are returned late, there will be a five cents per day fine per book, payable by the child. All lost library books must be paid for so that the school can purchase a replacement copy. If the book is located after a new order is placed, the child will be allowed to keep the old book since he/she has paid for it.

Buses

Busing is provided within a 15-mile limit to students from their residence. The public school district where the student resides provides and manages this service. If a student is to take a different bus from school, a note must be submitted to the principal at the beginning of the school day.

To obtain student transportation in school districts outside of New York City, parent/guardian must file requests with the district in which they live by April 1st of the preceding school year or within 30 days of moving to the district. Parent/guardian must contact their local public school district to determine eligibility.

Students and parent/guardian should consider riding on the school bus as a privilege and an extension of the school. Thus, students are to demonstrate a respectful, Christian, and safety-conscious attitude at all times on the bus.

- Students should obey the driver and monitors at all times.

- Students should do nothing to cause annoyances or distraction to the driver, as this places the safety of all in danger.

- In cases of extreme or persistent misbehavior, the school will work in consultation with the public school district about possible consequences.

Change of Address, E-mail, Phone

The office must be informed immediately if there is a change of home address, email address, cell phone number, or home telephone number for purposes of mailing and/or emergency notification.

Charter for the Protection of Children and Young People

- All institutions and programs of the Archdiocese will comply with the Safe Environment Policies of the Archdiocese.

- The Department of Education has developed a curriculum for the children in our parishes and schools, entitled "Right, Safe, Good Relationships", which provides age-appropriate instruction in child sexual abuse. The lessons in this curriculum must be given annually to all children in all grades.
- Parent/guardian reserve the right to remove their children from the classes. The school administration should take care to cause as little embarrassment of these students as possible.
- If parent/guardian choose not to have their child participate in the safe environment classes, the parent/guardian will be offered training materials, and will be asked to sign a form acknowledging that the materials were made available to them. This form will be maintained in the records of the school. If the parent/guardian decline to sign such a form, a notation of this will be made in a record maintained by the school.

Child Abuse Laws

Under NYS law, school personnel are legally obliged to report any suspected cases of child abuse or neglect to the proper agency. In so reporting, no allegation is made against a parent/guardian or caregiver. Rather, it is a judgment by the school that the child may be presenting signs of abuse or neglect.

Child Custody

At the time of school entry or at any other time when a change in custody status/arrangements occurs, it is the responsibility of the parent/guardian to provide the principal with a copy of the legal document from the parent/guardian for any student for which there is a legal custody agreement or for any student not residing with his/her parent/guardian

School communication with the appropriate guardian is essential. Accordingly:

- Custodial parent/guardian must identify in writing other adults who may have access to information regarding their child.
- Non-custodial parent/guardian may receive information (when requested) regarding the child unless specific documentation to the contrary is provided in the legal custody agreement.

Non-custodial parent/guardian may pick up a child only if written the custodial parent/guardian has granted permission.

Communication

Since, as parent/guardians, you are the child's first teachers, you are our partners in education. Regular communication with you is an essential part of your child's school experience. Scheduled parent/guardian conferences allow teachers and parent/guardian to discuss student achievement as well as to develop means to assist students in areas of difficulty.

A parent/guardian may request a meeting with a teacher at any time by simply sending a note to the teacher in question and the teacher will arrange for this meeting outside class time at a mutually convenient time. The meeting should take place in the classroom or someplace that ensures privacy; never in a hallway or on the street. A parent/guardian who is refused such a meeting should notify the principal.

Parent/guardian-teacher conferences will be scheduled each year in conjunction with report card distribution to provide an opportunity for in-depth discussion of student growth. Parent/guardian-teacher conferences are required at the end of the first marking period. Teachers are expected to be reasonably available to parent/guardians throughout the school year in order to keep open the lines of communication in the best interest of the students.

Respectful communication fosters a positive home-school relationship. As such, disparaging the school, students, administration, faculty, and staff either verbally or on social media is unacceptable, will harm the relationship between your family and the school, and may jeopardize the continued enrollment of your child in the school.

Confidentiality

There is a professional, legal and moral ethic that requires all persons to safeguard all student information of a privileged nature.

It is imperative that such information be regarded as a sacred trust.

- If there is evidence of knowledge that could impact the health or safety of any person, the teacher has the responsibility to share the information with the principal.
- Under Section 423 of the Child Protective Services Act, school officials are required to report when they have reasonable cause to suspect that a child coming before them in their professional or official capacity is an abused or maltreated child. (See section on Child Abuse.)

The rules that govern privileged information apply, as well, to any personal or academic information that is discovered through daily classroom instruction or other social interaction with students, parent/guardians or peers. Always, the sense of confidentiality should prevail.

Contacts with the Media

Parent/guardians have the right to exclude their children from videotaping, audio recording, school pictures, other photography or participation involving printed materials or on the Internet. Parent/guardians should provide such documentation to the school office; otherwise, they must fill out the media authorization release form.

Crisis/Emergency Information

Should a crisis require evacuation from the school building, students will be brought to a safe place located at Weaver Street Fire House and parents/guardians should meet them at that location.

Catholic schools throughout the Archdiocese of New York utilize the Immediate Response Information System (IRIS Alert) to notify parents/guardians directly about the crises.

For further information concerning the crisis, parents/guardians can refer to the following:

Discipline Code for Student Conduct

The goal of discipline in a Catholic school is for students to learn self-discipline, which strengthens and promotes the values incorporated in our Catholic faith community. As the school builds community, it develops in students the awareness that sensible rules serve to safeguard the individual's freedom and provide an atmosphere conducive to learning. Disciplinary measures should have as an end the development of the human person who respects one's self, other persons and those in authority.

By enrolling a child in this school, the parent/guardians agrees to be supportive of the rules and regulations that we deem as critical in the spiritual, academic, and behavioral growth of the child.

Teachers discipline students directly for minor classroom disruptions (i.e., not coming prepared to class; not being in the complete school uniform; not completing assigned homework; minor verbal disputes with other classmates; etc.). Parent/guardians are notified of classroom problems by the teacher and are asked to help the teacher to ensure that inappropriate behavior is modified.

Teachers are not permitted to use corporal punishment on any child. Perceived acts of corporal punishment should be reported to the principal of the school immediately by students and/or parent/guardians.

It happens that some classroom discipline issues are referred to the administration of this school. This would include chronic minor problems listed above or major problems (i.e., chronic lateness; verbal abuse of the teacher by a child; signs of disrespect to a teacher or another adult on the staff; fighting; physical, sexual, or verbal harassment or bullying of a fellow student; violent behavior; stealing; smoking; vandalism; or the possession of drugs, drug paraphernalia, cigarettes, alcohol, or dangerous items or a weapon). The administration handles such matters in a variety of ways depending on the severity of the incident.

The school employs a progressive discipline system for minor acts of misbehavior in order to encourage students to change inappropriate behavior so that sanctions do not increase in severity. **For acts such as, but not limited to: cursing, lying and not submitting homework in on time, may result with students spending time at lunch discussing with the principal or assistant principal or teacher better behavior options. If the offenses continue the loss of recess will be added.** Repeated violation of minor acts of misbehavior may result in suspension from school or the non-re-registration of the child for the next school year.

For more serious acts of misbehavior such as, but not limited to, fighting, stealing, vandalism, harassment, improper use of technology and social media the student is immediately suspended for a period of one to five days. In cases of vandalism, the parent/guardian must pay the full cost of the repair or replacement of the item before the child may return to school. In cases of theft, the item is either returned in good condition or the cost of replacement is borne by the parent/guardian before the child can return to school.

In cases where a child engages in a fight, which causes injury to another child or adult, the police may be summoned and, then, the parent/guardian will be notified. Likewise, the possession of drugs or

alcohol by a child is reported to the police. The school reserves the right to request to begin the expulsion process and request an expulsion from the Superintendent of Schools for such an offense.

In cases in which a child brings a weapon to school, the police are summoned, and then the parent/guardians are called. The school reserves the right to begin the expulsion process and request expulsion by the Superintendent of Schools for any serious offense.

Individual-directed threats of violence or harm communicated directly or indirectly by any means, as well as building-directed threats of violence or harm communicated directly or indirectly by any means (e.g., shooting, bomb threats), or to harm students, employees, or visitors are taken seriously. Upon knowledge of the threats, the principal will notify the Regional Superintendent and call the parent/guardian. The Office of the Superintendent will also be notified and, along with administration, will determine the course of action to be taken up to and including calling law enforcement, requiring a mental health referral and/or expulsion.

It is the expectation of this school that student behavior is exemplary both on and off school grounds. A student always represents the entire school community. Therefore, the school reserves the right to discipline students for acts such as, but not limited to: stealing, fighting, vandalism, bullying or any other type of threatening or inappropriate misconduct (personally, via telephone, or the improper use of technology and social media). Such misconduct could result in punishments including the suspension and/or expulsion.

Lastly, a child's arrest for a crime on or off school grounds, within or beyond the vicinity of the school, at any time could result in the child's suspension or expulsion. A child's conviction of a crime on or off of school grounds, within or beyond the vicinity of the school, will likely result in a child's expulsion.

Dress Code

Pictorial description is provided here for reference to the uniform requirements.

Your school uniform confirms your attendance at the school and is a symbol of unity within the school community. It minimizes distractions in the learning process. It is important that you take pride in your appearance by wearing your complete uniform always remembering that by wearing it inside and outside the classroom and the school you are representing the school and your behavior should be a credit to both yourself and the school community.

Girls and Boys: The presence of anything that proclaims a current fad is not permitted.

During the cold weather, students may wear the school fleece. **Other types of sweaters or sweatshirts may not be worn.**

Personal Appearance

A good personal hygiene routine should be followed daily: ears, neck, and fingernails should be given special attention. When appropriate, children should be instructed in the use of deodorant.

Uniforms should be neat and clean.

Hair should be clean and well groomed. The boys' hair must not be below the shirt collar. Bangs should not be so long that they impede vision.

Parent/guardians will be notified if a child comes to school consistently in an unkempt manner. If no improvement is noticed within a reasonable amount of time, an appointment with the parent/guardians will be made by school officials.

Drug and Alcohol Policies

In recognition of the seriousness of drug and alcohol problems to which the children are exposed, school will follow the policy as stated below:

- If a teacher suspects that a child is under the influence of either drugs or alcohol, the matter will be referred to the principal immediately;
- The principal will verify the teacher's observation and will notify parent/guardian,
- If the student confirms suspicion or appears unstable, student should be brought to the attention of the School Nurse (as per the Emergency Guidelines)
- If necessary, the principal will call 911 (as per the Emergency Guidelines)
- The police may be called if the student is in possession of an illegal substance (as per the Emergency Guidelines),
- Parent/guardians must pick up the child immediately should it be determined that the suspicion is founded. Parent/guardians will be expected to follow the recommendations of the school principal if the child is to continue in the school; and
- Any student who appears to be under the influence of alcohol or any drug, and appears at a school function in questionable condition, will be barred from attending or participating in that ceremony, party, dance, or school outing. Parent/guardians will be notified and appropriate action will be taken, which may include suspension or expulsion from the school.

Electronic Devices

Electronic devices may be dynamic tools in the 21st century school environment, but only when used appropriately by faculty, administration, staff, and students.

The use of electronic devices by faculty, administration, staff and students must be appropriate to the educational setting, and may not distract the student, other students, or the class as a whole during the course of the school day and after school. (i.e., cell phones, Pads, iPhones, Smart Watches and other personal electronic devices). In the event an electronic device, including a student cell phone, is believed to contain evidence of a violation of school policy and/or a threat to the school community, the individual possessing the electronic device is obliged to grant the administration of the school access to the device and the information on the device to ensure compliance with policy and the safety of the school.

Inappropriate use of any electronic device may result in serious consequences as stated in the school's Technology Use Policy.

In addition to the statements below with regard to technology use at Sts. John and Paul, the Computer Science teacher provides a separate contract for all students and their parent/guardians to sign covering the use of technology and access to the Internet at school. No class will log onto the Internet at school until the entire class returns their contracts signed.

Emergency Closings/Delayed Openings

- The schools in the Archdiocese of New York follow the policy of local public schools when closing due to inclement weather, loss of power or other issues.
- In addition to following the lead of New York public schools, Catholic schools may find it necessary to make closure decisions independently, based on local situations. Schools rely on public school districts for bus transportation will follow the delayed opening and/or closing policy of the local district.
- Catholic schools throughout the Archdiocese of New York utilize the Immediate Response Information System (IRIS Alert) to notify parent/guardians directly about delayed openings and closures due to weather. The school will also post schedule changes on our website.
- When a school in the Archdiocese is closed for the day due to inclement weather or other unforeseen situation, the following will apply:
- All school-related extracurricular activities, interscholastic contests, team practices and field trips will be cancelled
- After School and/or extended day care programs will be closed all day.

Expectations and Responsibilities for Students

Students attend the school in order to develop fully their God-given talents and capabilities. To accomplish this, students are asked to:

- Do their best work at all times.
- Treat all members of the school community (i.e., teachers, staff, priests, parent/guardians and students) with respect. This includes respecting the work of others by not cheating.
- Obey all school rules and regulations, including those forbidding the use of drugs, alcohol, cigarettes, or disruptive behavior, and improper use of technology and social media.
- Develop personal standards of conduct that reflect Christian morals and behavior, and refrain from use of inappropriate language, verbal threats, and sexual behavior (including touching, gestures, writing, and dress).
- Speak in a well-modulated tone of voice.
- Observe the school dress code, including standards on no-uniform days.
- Help care for school property and keep the school free from damage and defacement.
- Report concerns to an adult, especially if they witness what they know to be a violation of school conduct policy, violent or criminal act or become aware of a potentially violent or criminal act in school or at a school function.

Extracurricular Activities

Students are encouraged to participate in the extracurricular activities of the school. Participation in these activities is a privilege. Students are expected to fulfill their obligations in the classroom (class work and homework). In order to participate in extracurricular activities, students must pass each subject on their report card and model acceptable behavior both on and off school grounds and during select activities. Failure to meet academic or behavioral requirements will result in the student's suspension or dismissal from the activity. Participation in these activities requires a commitment of both student and parent/guardians. Attendance will be taken at each activity to determine a student's participation. In individual cases regarding participation in extracurricular activities, the principal holds the final determination.

Faculty Meetings

The school will schedule early dismissal days to accommodate faculty meetings and professional development throughout the school year. The dates and times for these early dismissal days are provided on the school calendar.

Field Trips

Field trips must serve an educational purpose and their value should be an integral part of the school's instructional program. They broaden the students' educational experiences. Field trips are privileges given to students; no student has a right to a field trip.

It is the policy of the schools within the Archdiocese that overnight trips, trips to water parks, amusement parks, dude ranches, beaches/pools, and ski slopes are strictly prohibited.

- Field trips are designed to correlate with teaching units and to achieve curricular goals.
- **No Cell Phone use on field trips. Phones must be turned on to Airplane mode at all times.**
- **No pictures may be posted on social media due to privacy.**
- Field trips vary on each grade level.
- Field trips are permissible when advanced planning, location, and the experience ensure a successful learning opportunity.
- Individual teachers in consultation with the administration reserve the right to restrict or deny student participation on any field trip due to, but not limited to, poor academic performance and/or poor conduct or behavior.
- A written official permission slip, signed by the parent/guardian, is required before a child will be permitted to attend a field trip. Verbal, emailed or faxed permission cannot be accepted. Permission slips are due in the office 48 hours before the day of the trip.
- Students participating in field trips must leave and return to school with their class. For insurance purposes, no private transportation will be permitted.

Financial Policies

We make every effort to keep tuition and fees as affordable as possible. We also understand the financial sacrifice that parent/guardians make to send their children to Catholic school. The majority of the School's funding is derived from tuition and fees. The school must operate in a financially sound manner in order to provide a quality Catholic education for each and every one of our students.

1. TUITION Schedule: Grades Pre-K - 8

The school's expectation at the time of registration is that all tuition and fees will be paid on time. Failure to do so could result in the suspension of a child for delinquent tuition or fees.

Tuition is due based on your contract with FACTS Tuition Management. Tuition should be paid monthly directly to FACTS Tuition on the designated day it is due. If a family chooses to withdraw their child(ren) from the school, partial or full month tuition refunds will not be granted if the child(ren) attended one or more days that month.

WITHDRAWALS AND REFUNDS

Considerable effort and expense is expended throughout the registration period and continues during the summer months as we plan and prepare for your child's inclusion in our school community. We understand that plans and circumstances sometimes change. Should you decide to withdraw your child, the following policy applies:

- If written notice of withdrawal is received by the school on or before July 1, the entire tuition obligation will be waived, and any payments made will be refunded upon written request to the school with the exception of all non-refundable fees.
- If written notice of withdrawal is received by the school after July 1 and the student does not attend, 90% of the tuition will be forgiven. The family is obligated to pay the remaining balance of 10% of the annual tuition as billed. If payments were made in excess of 10% of the annual tuition, a refund for that amount will be refunded upon written request to the school.
- If a family chooses to withdraw their child(ren) from the school once they begin attending, the family tuition obligation will be calculated as follows:

•

Withdrawal Date	Annual Tuition Obligation
September	80% of tuition forgiven; family obligation 20%
October	70% of tuition forgiven; family obligation 30%
November	60% of tuition forgiven; family obligation 40%
December	50% of tuition forgiven; family obligation 50%
January	40% of tuition forgiven; family obligation 60%
February	30% of tuition forgiven; family obligation 70%
March	20% of tuition forgiven; family obligation 80%
April	10% of tuition forgiven; family obligation 90%
May	No adjustment; family obligation 100%
June	No adjustment; family obligation 100%

- Calculations will be based on the last month in which the child(ren) attended **one** or more days of school. If payment has been made in excess of the family obligation, a refund will be granted upon written request to the school.
- Student records can only be provided to the child's new school upon satisfaction of the tuition obligation.

Fire & Emergency Drills

Fire & emergency drills at regular intervals are required by the law and are an important safety precaution. It is essential that when the fire signal is given, everyone obeys promptly and clears the building by the prescribed route as quickly as possible. Students are not permitted to talk during a fire drill and are to remain outside the building until a signal is given to return inside. Teachers will direct the students. For other emergency drills (e.g. lockdown drills), students are expected to remain quiet and follow teacher directions. Fire drills may take place on any day and at any time regardless of weather conditions.

Guidance

A guidance program is a resource available to the school students. Service may include counseling, psychological intervention and support for families experiencing change.

Guidelines for the Education of Non-Catholics

Parent/guardians must be made aware of the intentional Catholic witness in our schools. As a Catholic school within the Archdiocese of New York, our school has as its primary mission the formation of children in the Catholic faith.

All children will participate in total academic life of our school, including religious education. According to the norms of our Church, it is expected that non-Catholics participate as fully as they can in the liturgical and prayer life of the school.

The religious educators of our schools are committed to teaching the fullness of revelation as it is taught by the Roman Catholic Church and as the life and doctrine are set forth in the Religious Education Guidelines of the Archdiocese of New York. While our teachers value ecumenical education, and respect the traditions of other ecclesiastical communities, they always teach within the context of fidelity to the doctrine and traditions of our teaching church.

Harassment/Bullying Policies

All persons have a right to be treated with dignity and in a Catholic school environment all demeaning behavior is unacceptable. Students, parents/guardians who become aware of acts of bullying or harassment involving any student must report these incidents to the principal.

The school provides a safe environment for all and participates in the ADAPP anti-bullying curriculum annually. Verbal, internet, telephone, or written threats made against the physical or emotional well-being of any individual are taken seriously. Students making such threats, even in jest, face appropriate disciplinary action including detention, suspension, or expulsion. The principal investigates all complaints of harassment and bullying. Students determined to have been involved in harassing and/or bullying behavior are subject to detention, suspension, or expulsion and, where appropriate, will be referred for counseling services and/or reported to the local authorities.

Harassment, intimidation or bullying includes, but is not limited to, written, verbal, or physical acts, which physically harm a student or damages the student's property or has the effect of substantially interfering with a student's education or is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment or has the effect of substantially disrupting the orderly operation of the school. Harassment, intimidation or bullying can take many forms including: slurs, rumors, jokes, innuendos, demeaning comments, drawings, pranks, gestures, exclusion or other forms of relational aggression, or physical attacks, actions or threats. Actions may take any form including written, oral, physical or electronic.

These behaviors, which are contrary to the teachings of the Catholic Church, are prohibited in all Catholic schools in the Archdiocese of New York and will not be tolerated regardless of time or place.

No student shall be subjected to bullying and harassment on the basis of actual or perceived traits or characteristics i.e., age, color, creed, national origin, race, religion, gender, physical attributes, physical or mental ability, ancestry, political beliefs, socioeconomic status, or familial status.

HIV/AIDS Curriculum

The Archdiocese of New York and the NYS Education Department mandate that all schools within the Archdiocese are to give age-appropriate instruction on *HIV* and *AIDS* to all students in Grades K –12. The schools within the Archdiocese use an HIV/AIDS Handbook developed and approved by the Catholic Bishops of the State of New York.

Schools under the authority of the Office of the Superintendent of Schools of the Archdiocese of New York does not discriminate on the basis of HIV or AIDS. Students with HIV or AIDS shall not be excluded from school by reason of infection with HIV unless the following conditions are evident as determined by the student's physician and parent/guardian, together with the school administration.

- The student is not toilet-trained or is incontinent, or unable to control drooling.
- The student is physically aggressive, with a documented history of biting or harming others.

Illness (see Medication)

If a child has an illness or chronic medical condition, it is the parent/guardian's responsibility to notify the school and to provide necessary documentation and medication. The school reserves the right to call 911 in any case of a medical emergency.

In the event that a child exhibits symptoms related to Covid-19, the parent/guardian is obligated to notify the school and to keep the child home until properly tested. A Parent/guardian should refer to the updated Covid-19 guidelines for more information.

Immunizations

Students are required to have all inoculations as required by the Department of Health before admission to and for continued attendance at the school. Students will not be permitted to enter school unless all appropriate inoculations are documented on or before the first day. See appendix for most current information published by NYC and NYS Departments of Health. It is the responsibility of the parent/guardians and their personal physician to ensure that, as immunization requirements change, students are kept current in their schedule.

Lateness

Student lateness interrupts the learning process for your child and all other children in that classroom. Any student arriving at school after the published opening time is considered late. If late, the student may be admitted to class only with a late pass, obtainable in the main office. Repeated lateness affects your child's ability to be on the honor roll, may lead to disciplinary action and could impede your child's re-registration for the coming year. Excessive absences and lateness may be considered educational neglect.

Liturgy/Religious Education

All Catholic elementary schools will follow and adhere to current Archdiocesan policies and curriculum guidelines in religion.

Students in grades 3 through 8 are required to take a Mid-Term Religion Examination and the Archdiocesan Religion Midterm and Final Religion Examinations.

Parents/guardians of non-Catholic students are expected to participate in the religious formation and education programs of the school, including, but not limited to, liturgies, religious functions, and religion classes for credit. Parents/guardians of non-Catholic students must be willing to accept the standards, values, and regulations of the school. They must understand the religious education program of the school at the time of enrollment.

Lunchroom

Lunch Food program:

1. Your child/ren are permitted to bring their own lunch and snacks. There are no facilities to warm cook or serve the food brought from home. Please be sure to provide all necessary utensils for them to use.
 2. Online lunch purchases are available. Please consult the school website for options.
- It is the responsibility of the individual child to keep the area clean.
 - Respect and obedience are to be shown at all times to those who work in the lunchroom.
 - In good weather, the children go directly from lunchroom to the playground or vice versa.
 - During inclement weather, the lunchroom will have playtime in their classrooms.
 - If a child normally eats lunch in school every day and will be eating out on a particular day, a note must be presented to the teacher giving the child permission to eat out for the day. A designated adult, who appears on the emergency contact must pick up and return the student within the lunch period. TELEPHONE PERMISSION IS NOT ACCEPTABLE.

Maternity/Paternity Policies

As members of the Church committed to the preservation of life at all levels, the Catholic school must act in ways consistent with that commitment. Catholic schools - elementary as well as secondary- are faced sometimes with the situations of unwed mothers and fathers. School officials will consider carefully the consequences of any policies that are adopted. At the very minimum, students will be encouraged to finish their work and to receive grades and diplomas. The principal makes the decision concerning a student's continued school attendance, after consultation with his/her parents/guardians, and in consideration of the best interest of the student, the unborn child, and the school's educational expectations.

Student Abortion Policies

The Catholic Church teaches definitively and without question that life begins at conception. Pope John Paul declared that the Church's teaching on abortion is "unchanged and unchangeable... since it is the deliberate killing of an innocent human being."

Policies:

1. If a student decides to obtain an abortion, and if a school learns of it after the fact, she will be allowed to return to school only if she accepts counseling from a counseling program approved by the Office of the Superintendent of Schools.
2. If a student refuses counseling, she will not be allowed to continue as a student at the school.
3. The counseling requirements stated in Policies 1 and 2 also apply to the student who is considered the paternal father.

Guideline:

1. In the event a student decides to obtain an abortion despite being counseled by the school beforehand, the continued status of the student's enrollment in the school will be determined by the school administration. Factors such as the parent/guardians' role in the decision to abort should be taken into consideration.

Medications

If a student needs any kind of medication during the school day, it is the parent/guardian's responsibility to bring the medication to the school nurse (or school office in the absence of a nurse) to be kept there. A written statement from the parent or guardian requesting administration of the medication in school as ordered by the licensed prescriber is required.

Medication must be presented in a properly labeled container. Prescription medication must be in the original container. On the prescription medication, the pharmacy label should display:

- Student name
- Name and phone number of the pharmacy

- Licensed prescriber name
- Date and number of refills
- Name of the medication and dosage
- Frequency of administration

Medication should not be transported daily to and from school. Parent/guardians should be advised to ask the pharmacist for two containers – one for home and one for school.

The school may receive a written request from a parent/guardian or physician to permit a student to carry and self-administer his or her own medication. Under certain circumstances, it may be necessary to do so. Such a decision will be made on a case-by-case basis and will reflect the age and maturity of the child, as well as:

- Severity of health care problem, particularly asthmatic or allergic conditions
- Prescriber order directing the student be allowed to carry his/her medication
- Written statement from parent/guardian requesting compliance with prescriber order
- Student has been instructed in the procedure for self-administration and can assume this responsibility
- Parent/guardian contact is made to clarify parent /guardian responsibility in monitoring the child on an ongoing basis to ensure the child is carrying and taking the medication as ordered.

Money

Bringing cash to school as a payment is discouraged – except for well-founded and specific situations in which payment cannot be made in any other way. Money that is brought to school for a specific purpose (class trip, book fair, milk money, etc.) - must be put into an envelope with the child's name, grade and amount. Since snacks are sold on a daily basis, students may choose to bring in small amounts of money (less than \$5) for such purchases. If a student does bring money to school, the money should be kept on the student's person and not left in the school bag, coat pocket, lunch box, or desk. The school cannot be responsible for lost money.

Parent/Guardians as Partners

Just as the parents/guardians look to the school to provide the facilities and the trained personnel that are essential to their child's proper development, so the school looks to the parents/guardians to assume active responsibilities that cannot be delegated to others.

No school can be wholly effective in teaching the values of religion and the virtues of honesty, respect for authority, consideration for the rights and property of others, and standards of personal morality and integrity unless these principles have been established, upheld, and valued in the home. If parents/guardians cooperate with the school, instill respect for the integrity of its teachers and administration, and actively support their authority in the home, this is likely to be reflected in the positive attitudes of their children. Parents/guardians are invited and encouraged to participate in the spiritual and academic programs developed for the education of their children. The wide spectrum of this involvement includes participation in school celebrations of prayer and liturgy, volunteer work, participation in parent/guardian-teacher conferences, attendance at meetings and seminars designed to help parent/guardians assist their children at home, and active involvement in the school's parent/teacher organization.

Parents/guardians are asked to take an active role in their child's education by:

- assisting their child in his/her academic and moral development by carefully reviewing class work, test results, progress reports, and report cards; supervising home study; and reinforcing school policies.
- explaining and reviewing periodically the school behavior code with their child. Parents/guardians should discuss school disciplinary episodes in relation to the school behavior code.

- recognizing their child's talents and interests so they may be developed in cooperation with the classroom teachers.
- seeing that the dress code, including gym uniform, is enforced, and insisting that children dress according to Christian virtue.
- insisting on their child's regular school attendance and punctuality and on complying with attendance rules and procedures.
- making all tuition and fee payments on time, and participating in fund-raising activities.
- providing proper supervision at home, and not tolerating harassment, inappropriate or violent behavior, or viewing of such in videos, movies, song lyrics, and through the use of technology and social media.
- teaching their child respect for law, for authority, for the rights of others, and for public and private property. This includes showing respect for the work of others by not tolerating cheating in any circumstance.
- arranging for a time and place for their child to complete homework assignments.
- working with the school in a cooperative effort to carry out recommendations made in the best interest of their child, including those related to educational evaluations and counseling.
- attending all Parent/Guardian -Teacher Conferences and Home-School Association meetings.
- by always interacting in a respectful manner when speaking with or about the administration, teachers and staff of the school. Verbal abuse, improper use of technology and social media, or physical harassment may result in your child being required to withdraw from the school immediately or not being allowed to re-register for the following year.

The education of a student is a partnership between the parents/guardians and the school. Just as the parent/guardian has the right to withdraw a child if desired, the school administration reserves the right to require the withdrawal of a student if the administration determines that the partnership is irretrievably broken.

Parent/Guardian Organizations

The PSPA – Parish School Parent Association, provides an effective channel of communication between parents/guardians and teachers for the benefit of the students and the whole community. Its main purposes are:

- to create mutual support and understanding between home and school, and thus bring about a total learning environment for students.
- to provide a means for keeping parents/guardians informed of school activities, programs, etc., and if any, parent/guardian service requirement.
- to assist the school in meeting its financial obligations, primarily through fundraising activities.
- to provide adult education programs.

Philosophy and Goals

Saints John and Paul School endorses the call of the Catholic Bishops of the United States to express its educational ministry through the three objectives of personal spirituality, social justice, and a strong academic program in accord with Christian values. This commitment extends to building Christian community and to fostering Christian service to the whole human family.

Re-registration

At the time of re-registration parents/guardians will be notified if their child is being invited to return to the school in September or if the child is not being invited back. If the re-registration fee is not completed by the due date as outlined by the school, we cannot guarantee a seat for your child in the upcoming school year. Once paid, the registration fee is non-refundable. If we have not received notification of potential withdrawal by the date outlined from the school, families will be charged the registration fee for each child.

Release of Students (during school day)

The school has a sign-out book located in the main office.

Occasions for the use of a sign-out book are:

- in the event of a student illness, the parent/guardians or an adult designated by the parent/guardians on the school's Emergency Contact list must come to the school and take the child. It is against the law to dismiss a child during school hours except into the direct custody of a parent/guardian, or an adult designated by the parent/guardian. If the parent/guardian cannot be contacted, the secretary will contact the name listed on the child's emergency contact slip. Emergency Contact slips are completed in September and must be updated as necessary.
- for liturgies and services when altar servers leave the school, the students will sign out and in.
- when a student is released to a parent/guardian, that adult (must be 18 years of age or older) must sign the book.
- for a prearranged appointment when the student is released, the parent/guardian, or approved adult must sign the book. **[Please note: only the principal or administration in the school office may approve the release of a student for a prearranged appointment.]**

School Calendar

A yearly calendar is distributed at the beginning of the school year. Please refer to the School Monthly Calendar online for any revisions to the Yearly School Calendar.

The Mid-Year and End-Year Examination schedule for Grades 5-8 will be sent to parent/guardians when dates have been finalized.

School Publications

All student or parent/guardians publication are subject to review and approved by the school administration prior to publication. The principal must have on file all current log-in information for any digital publication, email or social media accounts that represent or use the school name.

Parent/guardian, volunteers and external consultants must submit any and all postings for approval in advance. Maintaining a positive public image for the school is the responsibility of the principal and Superintendent's staff.

School's Right to Amend

The school reserves the right to amend this handbook without prior notice. Notice of amendments will be sent as necessary.

Security

To assure the security of the building and the safety of each child, the school strongly enforces its policy of requiring all visitors, even parents/guardians, to report to the office.

To avoid interruption of the learning process, no one may enter a classroom without permission of the principal or administration in the school office.

The school has a crisis management manual and each classroom has a school emergencies resource flipbook.

Sex Offender Policy

This notice is to remind you of the importance of taking steps to keep your child safe when he or she is involved in outdoor activities, including traveling to and from school. The following are some safety tips that we hope you will share with your children:

- Students should never go home with strangers.
- Students should never talk to strangers.
- Students should never take things from strangers.
- If students are approached by strangers and are still near the school, they should be encouraged to return to the school and immediately inform a staff member.
- Young students should be escorted to and from school.
- Older children should be encouraged to walk/travel to school in groups whenever possible.

The teachers at our school will also remind students of the importance of not responding to strangers and actions each child should take if approached by a stranger, including reporting it to responsible adults.

In addition, over the course of the school year, we may receive from the local police department notification under the New York State Sex Offender Registration Act that a registered sex offender has moved into the region where our school is located. Copies of all the notifications we receive will be kept accessible to parent/guardians in the principal's office. You can also find information about registered sex offenders on the NYS Division of Criminal Justice Services website, located at <http://www.criminaljustice.state.ny.us> -- or by calling 1-800-262-3257.

Finally, if our school is notified during the school year that a registered sex offender has moved within the vicinity of our school, further notice will be sent to you.

These procedures are part of our continuing effort to provide a safe environment for all children in this school.

Smoking

New York State Law prohibits smoking in a school building and on school property.

Smoking is prohibited at all times in the school building, on its parking lot and playing fields. This prohibition applies to faculty, staff, parent/guardian, and all visitors to the school. This policy includes cigarettes, cigars, pipe or any other matter or substance containing tobacco, as well as the use of electronic cigarettes (e cigarettes), personal vaporizers, vape pens, e-cigars, e-hookah, vaping devices, mod systems, pod systems or any similar system.

Special Learning Needs

Students with learning differences are children of God and members of the Church. The school makes every effort to meet individual student needs by providing accommodations. Sometimes, however, a student may have needs that do not permit him or her to benefit fully from the program. In those cases, your child's teacher and/or principal may schedule a meeting with you to discuss having an evaluation of your child's learning needs. Such evaluations can be done through the local public school district, i.e., Committees on Special Education (CSE's), or privately.

Once the results of the evaluation are available, parents/guardians are obligated to share educational/psychological testing results and any resulting plan with the school. The parents/guardians must make an appointment to meet with the principal to discuss the results of the evaluation and the recommendations, and provide a copy of the Individualized Education Services Program (IESP). It is the responsibility of the parent/guardian to ensure that the child's IESP is kept current.

If a student transfers in from a public school with an Individualized Education Program (IEP), the parent/guardian must go back to the Committee on Special Education (CSE) to get an IESP.

When a student qualifies for a 504 Plan, the principal will meet with the parent/guardian to review and discuss the 504 Plan, and will then notify the parent/guardian of any reasonable accommodations/modifications that can or cannot be made at the school. If reasonable

accommodations can be made, a Student Assistance Plan (SAP) will be written and a copy of the plan will be placed in the student's confidential file. The accommodation/modifications will be reviewed yearly. If the school cannot make reasonable accommodations, the school reserves the right to negate enrollment of the student. It is the responsibility of the parent/guardian to ensure that the child's IESP is kept current.

Summer School

(Each school will develop its own policy for summer remediation.)

Since most summer schools and programs offer reading, mathematics, and language arts, a student who has failed in one or more of these subjects in three marking periods of the report card will be required to take a remedial course during the summer. Summer school also may be recommended due to poor performance on standardized tests or in the classroom. Proof of successfully completing a summer school program is required to be presented to the principal in September.

The summer school report card must be submitted to the office in September. Failure to attend summer school will result in retention. It is the parent's or guardian's responsibility to provide documentation that summer school has been successfully completed. In cases in which tutoring is allowed for the remediation, it must be undertaken by a qualified teacher who will provide documentation to the school of no less than 25 hours upon completion of the tutoring sessions.

Telecommunications Policy

SOCIAL MEDIA GUIDELINES

The principal of the school is responsible for maintaining all administrative logins for all social media outlets, blogs or any school-branded media outlets in existence now or in the future that contain the school name. Principals must be mindful that their school's social media may be linked to the Superintendent of Schools Office and the Archdiocese of New York media accounts.

All domain names and access must be owned, secured and maintained by the school principal. UNDER NO CIRCUMSTANCES are these administrative logins, permissions or oversight to be delegated to any parent/guardians, volunteer or external vendor separate and exclusive from the principal.

In addition to the login and administrative rights to the school website and all current or future social media outlets (Facebook, Twitter, Instagram, etc.) the principal is also responsible for reviewing and approving the content on such sites.

All social media content must follow the Standards of Behavior for student internet use and must reflect the standards and mission of the school.

Electronic devices may be dynamic tools in the 21st century school environment, but only when used appropriately by faculty, administration, staff, and students. Cell phones must be powered off during the school day. Cell phones or electronic devices that have internet or photo capabilities are not permitted in the lavatories. Therefore, they must be placed in the Classroom Cell Phone Caddy before going to the lavatories.

Student Expectations in Use of the Internet

Use of School Grounds

The school does not have staff available to supervise students present on the school grounds **before 8:05 AM and after 3:15 PM. Students must not arrive on the school grounds prior to 8:05 AM and parent/guardians must arrange to pick up at dismissal times.**

Withdrawals and Transfers

When a student transfers from one school to another, or enters high school, the new school may request a copy of the permanent record and health card from the former school. Permanent records will not be released directly to parents/guardians. Such request for records should come directly from the receiving school. An Authorization to Release Records request form must be obtained from the school secretary. (Please see appendix.) All books must be returned. All bills must be paid before records are transferred to another school.

Schools may disclose a student's cumulative record (i.e., permanent record, attendance record, test results) to another school with legitimate educational interest if a written request is made and when a custodial parent/guardian has given written permission for the release of the child's records. Parent's or guardian's signature is required for release of a student's confidential file (i.e., special education records, psychological reports, disciplinary records, anecdotal information, or reports by the school counselor).

At the discretion of the principal, each school has the right not to certify the student's graduation or provide transcripts of the student's academic record to third parties such as other schools, colleges, or employers, or to issue a diploma to the student, if there has been a breach of a material condition of the educational contract (i.e., failure to meet financial obligations, infractions against the school's code of conduct, etc.).

The school reserves the right to request the parent/guardian withdraw his/her child from the school due to serious disciplinary issues.

Summary Statement

Once students have met the necessary admission requirements and have been accepted in the school, the school warmly welcomes these students for the coming school year and will strive to provide them with a solid Catholic spiritual and academic education in a supportive learning environment. Students and parents/guardians must always be mindful that attendance at the school is by invitation. It is not a "right" because this is a private school. Admission to and continued enrollment in this school include responsibilities regarding conduct, both inside and outside the classroom and school, and students are expected to conduct themselves in such a manner as to be a credit both to themselves and to their school.

In order to protect its standards of scholarship, discipline and character, the school reserves the right, and students and parents/guardians concede to the school the right to require the withdrawal of any student at any time, for any reason deemed sufficient in the sole discretion of the school and its administrators. By the student's attendance at the school, a student and his or her parent/guardian acknowledge the important obligations and restrictions contained in this handbook and agree to be bound by the terms of this handbook.

Students attending the school relinquish certain rights they might otherwise be entitled to if they were attending a public school. For example, a student's freedom of speech is limited in many important respects here at our school. Speech, either written or oral, contrary to the Roman Catholic faith, the teachings of the Church or the directives of the local Bishop or Ordinary is prohibited, as is any other speech which is contrary or disruptive to the philosophy and purposes of our school. Another important right all students at the school surrender involves searches and seizures. School administrators may search a student's person and belongings if there is a reasonable belief, in the sole opinion of the school administrator, that contraband, illegal substances or inappropriate objects are being concealed. Any unauthorized items found may be seized. Additionally, student desks and lockers, which are at all times under the joint control of the school and the student to whom the desk or locker has been assigned, may be searched by school administrators at any time, for any reason or for no reason at all. Students should have absolutely no expectation of privacy with regard to any item in their desks or lockers.

Another important right that a student and his or her parent/guardians give up when they decide to have a student attend this school is the right to sue the school, the parish, the Catholic School Region Corporation, or the Archdiocese of New York, and/or any individuals acting on behalf of the school, such as the school administrators, teachers, staff or any of their agents for any matter relating to academic or disciplinary decisions or other matters covered within this handbook. Each student and his or her parents/guardians, by their acceptance of enrollment at the school, agree to and accept the school's rule and policy that students, parents/guardians may not bring any civil action in any local, state or federal court or in any administrative agency or body to challenge any school decision on academic or disciplinary matters, including any decision relating to the rules, regulations, procedures or programs covered within this handbook. Students and parents/guardians agree that any challenge to any school academic or disciplinary action or relating to the rules, regulations, procedures or programs covered in this handbook may only be challenged or appealed within the hierarchy of the school, subject to the limitations contained in this handbook. This includes any decision relating to a student's enrollment at the school or termination of that enrollment.

While any student and his or her parents/guardians are of course free to consult with legal counsel regarding any school decision taken with respect to a student, the school emphasizes that students and parent/guardian are not permitted to have legal counsel present during any meetings with school administrators. School administrators are not obligated to meet with legal counsel at any time.

There are several grounds for disciplinary action or expulsion set forth in the "Discipline Codes" section of this handbook. It should be noted, however, that any listing of prohibited conduct is set forth by way of example only and to provide guidance to the student and his or her parent/guardian. It is not meant to be an exhaustive listing of improper conduct or resultant disciplinary action.

APPENDIX

Accelerated Learning Program for Students (ALPS)

The *Accelerated Learning Program for Students (ALPS)* at Sts. John and Paul offers an academically and intellectually enriching program for our students. Students who are identified in middle school for this program have the opportunity to participate in accelerated classes in: English Language Arts and Social Studies and/or Math.

Consideration for Middle School ALPS Classes

Students whose recent IOWA reading achievement scores are at or above the 85th percentile and or their math scores are at or above the 85% will be identified and placed on a list for possible placement in the program. Student's classroom test grades, teacher recommendation, and New York State Scores will also help to determine permanent placement in the program. Students are usually (5th grade an exception) placed in September of the academic school year. Students may be considered after the first and second quarter with teacher recommendation and educational test scores of 95% and above consistently. Seventh grade students in grade level math cannot move up into 7 ALPS after the first quarter.

Minimum ALPS Requirement:

For students to remain in ALPS classes they must maintain a minimum of an 80 average in their ALPS class(es). They must submit all work completed and on time. Failure to adhere to these requirements will place your child on probation for the following quarter. If grades do not improve the following quarter and your child does not receive an 80 or above in their ALPS class(es), they will be removed from the program.

Student and Family Commitment:

The challenges of the ALPS program require both students and their families to commit time and energy. Students and families who are invited to participate in the program agree to work together to ensure that the student's:

- Classwork and assignments will be of a *high quality, meet expectations and submitted on time.*
- Class participation will be active, appropriate and students will *be prepared* for class.
- Effort and conduct grade is not lower than an "A" on their report card.
- Minimum grade of "B-" (not lower than 80%) will be maintained in each ALPS class.

Fifth Grade ALPS Program:

Fifth grade is a significant year. Students from our elementary school are transitioning into our middle school model. To make this transition a more seamless one, we will be starting Math ALPS in September and ELA/Social ALPS second quarter. This transition will allow students to get adjusted to switching classes, having multiple teachers, understanding what the expectations are, google classroom, and honestly not forgetting their books and supplies from going from one class to another. For students who are considered for 5th grade Math ALPS, parent/guardians will be notified before school starts. The requirements for consideration are listed above.

5th grade ELA / Social Studies placement will be decided by the second quarter. The ELA and Social Studies teachers will evaluate the student's summer work, writing, reading, and comprehension before being placed in their level. This will also be done in consultation with their fourth-grade teachers. In addition to all the other requirements stated above.

Eighth Grade ALPS MATH Program:

At SJP, the eighth grade has an advanced math class (Algebra CC) taught during the school day. To be successful in our accelerated eighth-grade program, the following is expected for a successful academic year:

- Must maintain an 80% or better on all tests in 7th grade ALPS.
- Must score in the 85th percentile on IOWA in Math and ELA.
- Have a high 3 or 4 on the New York State Exams.
- Must show a commitment to math.

· Self-motivated and a willingness to be challenged in Algebra CC.

Note: Even though students are placed in seventh grade Math ALPS, it is not a guarantee they will be placed in Algebra CC in Eighth Grade.

2022-23 School Year New York State Immunization Requirements for School Entrance/Attendance¹

NOTES:

Children in a prekindergarten setting should be age-appropriately immunized. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). Intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for persons 0 through 18 years of age. Doses received before the minimum age or intervals are not valid and do not count toward the number of doses listed below. See footnotes for specific information for **each** vaccine. Children who are enrolling in grade-less classes should meet the immunization requirements of the grades for which they are age equivalent.

Dose requirements MUST be read with the footnotes of this schedule

Vaccines	Prekindergarten (Day Care, Head Start, Nursery or Pre-k)	Kindergarten and Grades 1, 2, 3, 4 and 5	Grades 6, 7, 8, 9, 10 and 11	Grade 12
Diphtheria and Tetanus toxoid-containing vaccine and Pertussis vaccine (DTaP/DTP/Tdap/Td) ²	4 doses	5 doses or 4 doses if the 4th dose was received at 4 years or older or 3 doses if 7 years or older and the series was started at 1 year or older	3 doses	
Tetanus and Diphtheria toxoid-containing vaccine and Pertussis vaccine adolescent booster (Tdap) ³	Not applicable		1 dose	
Polio vaccine (IPV/OPV) ⁴	3 doses	4 doses or 3 doses if the 3rd dose was received at 4 years or older		
Measles, Mumps and Rubella vaccine (MMR) ⁵	1 dose	2 doses		
Hepatitis B vaccine ⁶	3 doses	3 doses or 2 doses of adult hepatitis B vaccine (Recombivax) for children who received the doses at least 4 months apart between the ages of 11 through 15 years		
Varicella (Chickenpox) vaccine ⁷	1 dose	2 doses		
Meningococcal conjugate vaccine (MenACWY) ⁸	Not applicable		Grades 7, 8, 9, 10 and 11: 1 dose	2 doses or 1 dose if the dose was received at 16 years or older
Haemophilus influenzae type b conjugate vaccine (Hib) ⁹	1 to 4 doses	Not applicable		
Pneumococcal Conjugate vaccine (PCV) ¹⁰	1 to 4 doses	Not applicable		

1. Demonstrated serologic evidence of measles, mumps or rubella antibodies or laboratory confirmation of these diseases is acceptable proof of immunity to these diseases. Serologic tests for polio are acceptable proof of immunity only if the test was performed before September 1, 2019 and all three serotypes were positive. A positive blood test for hepatitis B surface antibody is acceptable proof of immunity to hepatitis B. Demonstrated serologic evidence of varicella antibodies, laboratory confirmation of varicella disease or diagnosis by a physician, physician assistant or nurse practitioner that a child has had varicella disease is acceptable proof of immunity to varicella.
2. Diphtheria and tetanus toxoids and acellular pertussis (DTaP) vaccine. (Minimum age: 6 weeks)
 - a. Children starting the series on time should receive a 5-dose series of DTaP vaccine at 2 months, 4 months, 6 months and at 15 through 18 months and at 4 years or older. The fourth dose may be received as early as age 12 months, provided at least 6 months have elapsed since the third dose. However, the fourth dose of DTaP need not be repeated if it was administered at least 4 months after the third dose of DTaP. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the previous dose.
 - b. If the fourth dose of DTaP was administered at 4 years or older, and at least 6 months after dose 3, the fifth (booster) dose of DTaP vaccine is not required.
 - c. For children born before 1/1/2005, only immunity to diphtheria is required and doses of DT and Td can meet this requirement.
 - d. Children 7 years and older who are not fully immunized with the childhood DTaP vaccine series should receive Tdap vaccine as the first dose in the catch-up series; if additional doses are needed, use Td or Tdap vaccine. If the first dose was received before their first birthday, then 4 doses are required, as long as the final dose was received at 4 years or older. If the first dose was received on or after the first birthday, then 3 doses are required, as long as the final dose was received at 4 years or older.
3. Tetanus and diphtheria toxoids and acellular pertussis (Tdap) adolescent booster vaccine. (Minimum age for grades 6, 7 and 8: 10 years; minimum age for grades 9 through 12: 7 years)
 - a. Students 11 years or older entering grades 6 through 12 are required to have one dose of Tdap.
 - b. In addition to the grade 6 through 12 requirement, Tdap may also be given as part of the catch-up series for students 7 years of age and older who are not fully immunized with the childhood DTaP series, as described above. In school year 2022-2023, only doses of Tdap given at age 10 years or older will satisfy the Tdap requirement for students in grades 6, 7 and 8; however, doses of Tdap given at age 7 years or older will satisfy the requirement for students in grades 9 through 12.
 - c. Students who are 10 years old in grade 6 and who have not yet received a Tdap vaccine are in compliance until they turn 11 years old.
4. Inactivated polio vaccine (IPV) or oral polio vaccine (OPV). (Minimum age: 6 weeks)
 - a. Children starting the series on time should receive a series of IPV at 2 months, 4 months and at 6 through 18 months, and at 4 years or older. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the previous dose.
 - b. For students who received their fourth dose before age 4 and prior to August 7, 2010, 4 doses separated by at least 4 weeks is sufficient.
 - c. If the third dose of polio vaccine was received at 4 years or older and at least 6 months after the previous dose, the fourth dose of polio vaccine is not required.
 - d. For children with a record of OPV, only trivalent OPV (TOPV) counts toward NYS school polio vaccine requirements. Doses of OPV given before April 1, 2016 should be counted unless specifically noted as monovalent, bivalent or as given during a poliovirus immunization campaign. Doses of OPV given on or after April 1, 2016 should not be counted.
5. Measles, mumps, and rubella (MMR) vaccine. (Minimum age: 12 months)
 - a. The first dose of MMR vaccine must have been received on or after the first birthday. The second dose must have been received at least 28 days (4 weeks) after the first dose to be considered valid.
 - b. Measles: One dose is required for prekindergarten. Two doses are required for grades kindergarten through 12.
 - c. Mumps: One dose is required for prekindergarten. Two doses are required for grades kindergarten through 12.
 - d. Rubella: At least one dose is required for all grades (prekindergarten through 12).
6. Hepatitis B vaccine
 - a. Dose 1 may be given at birth or anytime thereafter. Dose 2 must be given at least 4 weeks (28 days) after dose 1. Dose 3 must be at least 8 weeks after dose 2 AND at least 16 weeks after dose 1 AND no earlier than age 24 weeks (when 4 doses are given, substitute "dose 4" for "dose 3" in these calculations).
 - b. Two doses of adult hepatitis B vaccine (Recombivax) received at least 4 months apart at age 11 through 15 years will meet the requirement.
7. Varicella (chickenpox) vaccine. (Minimum age: 12 months)
 - a. The first dose of varicella vaccine must have been received on or after the first birthday. The second dose must have been received at least 28 days (4 weeks) after the first dose to be considered valid.
 - b. For children younger than 13 years, the recommended minimum interval between doses is 3 months (if the second dose was administered at least 4 weeks after the first dose, it can be accepted as valid; for persons 13 years and older, the minimum interval between doses is 4 weeks).
8. Meningococcal conjugate ACWY vaccine (MenACWY). (Minimum age for grades 7, 8 and 9: 10 years; minimum age for grades 10 through 12: 6 weeks)
 - a. One dose of meningococcal conjugate vaccine (Menactra, Menveo or MenQuadfi) is required for students entering grades 7, 8, 9, 10 and 11.
 - b. For students in grade 12, if the first dose of meningococcal conjugate vaccine was received at 15 years or older, the second (booster) dose is not required.
 - c. The second dose must have been received at 16 years or older. The minimum interval between doses is 8 weeks.
9. Haemophilus influenzae type b (Hib) conjugate vaccine. (Minimum age: 6 weeks)
 - a. Children starting the series on time should receive Hib vaccine at 2 months, 4 months, 6 months and at 12 through 15 months. Children older than 15 months must get caught up according to the ACIP catch-up schedule. The final dose must be received on or after 12 months.
 - b. If 2 doses of vaccine were received before age 12 months, only 3 doses are required with dose 3 at 12 through 15 months and at least 8 weeks after dose 2.
 - c. If dose 1 was received at age 12 through 14 months, only 2 doses are required with dose 2 at least 8 weeks after dose 1.
 - d. If dose 1 was received at 15 months or older, only 1 dose is required.
 - e. Hib vaccine is not required for children 5 years or older.
10. Pneumococcal conjugate vaccine (PCV). (Minimum age: 6 weeks)
 - a. Children starting the series on time should receive PCV vaccine at 2 months, 4 months, 6 months and at 12 through 15 months. Children older than 15 months must get caught up according to the ACIP catch-up schedule. The final dose must be received on or after 12 months.
 - b. Unvaccinated children ages 7 through 11 months are required to receive 2 doses, at least 4 weeks apart, followed by a third dose at 12 through 15 months.
 - c. Unvaccinated children ages 12 through 23 months are required to receive 2 doses of vaccine at least 8 weeks apart.
 - d. If one dose of vaccine was received at 24 months or older, no further doses are required.
 - e. PCV is not required for children 5 years or older.

Requisitos de vacunación del estado de Nueva York para inscribirse/asistir a la escuela¹

NOTAS:

Los niños que están en prekindergarten deben tener las vacunas correspondientes a su edad. La cantidad de dosis depende del programa recomendado por el Comité Asesor sobre Prácticas de Vacunación (Advisory Committee on Immunization Practices, ACIP). Los intervalos entre las dosis de vacunas deben corresponder al programa de vacunación recomendado por el ACIP para personas de 0 a 18 años. Las dosis aplicadas antes de la edad mínima o de los intervalos mínimos no son válidas y no se tienen en cuenta al calcular la cantidad de dosis que se mencionan abajo. Consulte las notas al pie de página para obtener información específica sobre cada vacuna. Los niños que se inscriben en clases sin grado deben cumplir los requisitos de vacunación de los grados para los que son equivalentes en edad.

La cuarta dosis puede aplicarse a partir de los 12 meses de edad, siempre que hayan transcurrido por lo menos 6 meses desde la tercera dosis. Sin embargo, no es necesario que se repita la cuarta dosis de DTaP si se aplicó al menos 4 meses después de la tercera dosis de DTaP. La última dosis de la serie debe aplicarse a partir del cuarto año de edad y al menos 6 meses después de la dosis anterior.

 - d. Los niños mayores de 7 años que no estén completamente vacunados con la serie de vacunas DTaP para niños deben recibir la vacuna Tdap como primera dosis de la serie de actualización; si se necesitan dosis adicionales, use la vacuna Td o Tdap. Si los aplicaron la primera dosis antes de su primer año de edad, deben aplicarse 4 dosis, siempre que la dosis final se aplique a los 4 años de edad o más. Si les aplicaron la primera dosis a partir de su primer año de edad, deben aplicarse 3 dosis, siempre que la dosis final se aplique a los 4 años o más.
3. Refuerzo de la vacuna con toxoides tetánico y diftérico y de la vacuna contra la tos ferina acelular (Tdap) para adolescentes. (Edad mínima para 6.º, 7.º y 8.º grado: 10 años; edad mínima para 9.º a 12.º grado: 7 años)
 - a. Los estudiantes mayores de 11 años que ingresan a los grados de 6.º a 12.º deben recibir una dosis de Tdap.
 - b. Además del requisito para 6.º a 12.º grado, la vacuna Tdap también se puede aplicar como parte de la serie de vacunas de actualización para estudiantes mayores de 7 años que no estén totalmente vacunados con la serie de vacunas DTaP para niños, como se describió arriba. En el año escolar 2022-2023, solo las dosis de Tdap aplicadas a los 10 años o más cumplirán el requisito de Tdap para los estudiantes en los grados 6.º, 7.º y 8.º; sin embargo, las dosis de Tdap aplicadas a los 7 años o más cumplirán el requisito para los estudiantes en los grados 9.º a 12.º.
 - c. Los estudiantes que tienen 10 años de edad en 6.º grado y que aún no recibieron la vacuna Tdap cumplen los requisitos hasta que tengan 11 años.

 - c. Si la tercera dosis de la vacuna antipoliomielítica se aplicó a los 4 años de edad o más y por lo menos 6 meses después de la dosis anterior, no se requerirá la cuarta dosis.
 - d. Para los niños con antecedentes de OPV, solo la OPV trivalente (tOPV) se tiene en cuenta para los requisitos de la vacuna antipoliomielítica en las escuelas del Estado de Nueva York. Las dosis de OPV aplicadas antes del 1 de abril de 2016 deben incluirse a menos que se indiquen específicamente como monovalentes, bivalentes o como aplicadas durante una campaña de vacunación contra el virus de la poliomielitis. Las dosis de OPV aplicadas a partir del 1 de abril de 2016 no deben incluirse.
5. Vacuna contra sarampión, paperas y rubéola (MMR). (Edad mínima: 12 meses)

Dear Parent or Guardian,

New York City has updated the school immunization requirements for the 2022-2023 school year. A list of these requirements for 2022-2023 is included with this letter. Before the school year begins, you must submit proof of immunization for your child if they are attending childcare or school.

All students in childcare through grade 12 must meet the requirements for:

- The DTaP (diphtheria-tetanus-pertussis), poliovirus, MMR (measles-mumps-rubella), varicella and hepatitis B vaccines.

Children under age 5 who are enrolled in childcare and pre-kindergarten (pre-K) must also meet the requirements for:

- The Hib (*Haemophilus influenzae* type b) and PCV (pneumococcal conjugate) vaccines.
- The influenza (flu) vaccine: children must receive the flu vaccine by December 31, 2022 (preferably, when it becomes available in early fall).

Children in grades 6 through 12 must also meet the requirements for:

- The Tdap (tetanus-diphtheria-pertussis) booster and MenACWY (meningococcal conjugate) vaccines.

Please review your child's immunization history with your child's health care provider. Their provider can tell you whether additional doses of one or more vaccines are required for your child to attend childcare or school this year. **Please note:** If your child received doses of vaccine BEFORE the minimum age (too early), those doses do NOT count toward the number of doses needed.

If you have questions about these 2022-2023 requirements, please contact your childcare center or school's administrative office.

Sincerely,

Cheryl Lawrence, MD, FAAP

Statement on Legislation Removing Non-Medical Exemption from School Vaccination Requirements

On June 13, 2019, Governor Andrew M. Cuomo signed legislation removing non-medical exemptions from school vaccination requirements for children. The United States is currently experiencing the worst outbreak of measles in more than 25 years, with outbreaks in pockets of New York primarily driving the crisis. As a result of non-medical vaccination exemptions, many communities across New York have unacceptably low rates of vaccination, and those unvaccinated children can often attend school where they may spread the disease to other unvaccinated students, some of whom cannot receive vaccines due to medical conditions. This new law will help protect the public amid this ongoing outbreak.

What did the new law do?

As of June 13, 2019, there is no longer a religious exemption to the requirement that children be vaccinated against measles and other diseases to attend either:

- public, private or parochial school (for students in pre-kindergarten through 12th grade), or
- child day care settings.

For those children who had a religious exemption to vaccination, what are the deadlines for being vaccinated?

Children who are attending child day care or public, private or parochial school, and who had a religious exemption to required immunizations, must now receive the first age appropriate dose in each immunization series by June 28, 2019 to attend or remain in school or child day care. Also, by July 14, 2019 parents and guardians of such children must show that they have made appointments for all required follow-up doses. The deadlines for follow-up doses depend on the vaccine. The New York State Department of Health follows the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices catch-up immunization schedule and expects children to receive required doses consistent with Table 2 at the following link in order to continue to attend school or child day care: <https://www.cdc.gov/vaccines/schedules/downloads/child/0-18yrs-child-combined-schedule.pdf>

What is the deadline for first dose vaccinations if my child is not attending school until September?

Parents and guardians of all children who do not have their required immunizations are encouraged to have them receive the first dose as soon as possible. The deadline for obtaining first dose vaccinations for children attending school in the fall is 14 days from the first day of school. Within 30 days of the first day of school, parents and guardians of such children must show that they have made appointments for all required follow-up doses.

Additional information will be forthcoming.

immunizations that are required to attend school in New York State, and expects children to receive required doses consistent with Table 2 of ACIP's Recommended Child and Adolescent Immunization Schedule for ages 18 years or younger. (Please note that the guidelines contain all ACIP recommended vaccines, including some that are not currently required for schools and child day care programs in New York State.)

5. Where can I find the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices (ACIP) catch-up immunization schedule?

The ACIP catch-up immunization schedule is available at the following link:

<https://www.cdc.gov/vaccines/schedules/downloads/child/0-18yrs-child-combined-schedule.pdf>
(Please note that the guidelines contain all ACIP recommended vaccines, including some that are not currently required for schools and child day care programs in NYS.)

6. Are the vaccination requirements, as described in Question 5, required for my child to attend summer schools that are overseen by NYSED and summer child day care programs that are overseen by OCFS?

Yes. This requirement applies to summer school and summer child day care programs.

7. What is the deadline for first dose vaccinations if my child is not attending school until September?

The Department encourages parents and guardians of all children who do not have their required immunizations to receive the first dose in each immunization series as soon as possible. The deadline for obtaining first dose vaccinations in each immunization series for children attending school in the fall is 14 days from the first day of school or enrollment in child day care. Within 30 days of the first day of school, parents and guardians of such children must show that they have scheduled appointments for all required follow-up doses.

8. Does this new legislation apply to my child attending college?

The new legislation did not change the vaccination requirements for college attendance. Students attending college in NYS can still obtain a religious exemption. The Department requires that every student attending college be vaccinated against measles, mumps and rubella (MMR), unless the student has a valid religious or medical exemption.

9. Does this new legislation affect my child's medical exemption?

No. The new legislation does not affect valid medical exemptions.

10. What is a valid medical exemption?

A valid medical exemption must:

1. Be on a sample medical exemption form issued by the Department <https://www.health.ny.gov/forms/doh-5077.pdf> or the NYC Department of Health and Mental Hygiene, or on a signed statement that certifies that the immunization may be detrimental to a child's health;
2. Be signed by a physician licensed to practice medicine in New York State;
3. Contain sufficient information to identify the medical contraindication to a specific immunization. The Department recommends that health care practitioners consult the ACIP guidelines for contraindications and precautions to childhood vaccinations, available at: <https://www.cdc.gov/vaccines/hcp/acip-recs/general-recs/contraindications.html>. (Please note that the guidelines contain all ACIP recommended vaccines, including some that are not currently required for schools and child day care programs in New York State); and
4. Be confirmed annually.

11. My child is not being allowed to attend school and/or child day care program based on vaccination status. How do I appeal this decision?

Education Law §310(6-a) allows an appeal to the Commissioner of the State Education Department from persons considering themselves aggrieved by an action taken by "a principal, teacher, owner or other person in charge of any school in denying a child admission to, or continued attendance at, such school for lack of proof of required immunizations in accordance with" Public Health Law §2164. Such appeal may include a request for a "stay" of the school's action while the appeal is pending before the Commissioner. Information regarding the appeal process is available at: <http://www.counsel.nysed.gov/appeals/>.

There is no appeal process for child day care programs. Programs must be in compliance with all applicable laws.

12. What are the penalties for a school and child day care program if it does not comply?

All public, private and parochial schools are required to comply with the law. The Department will determine the cause of a school's violation or noncompliance and, where appropriate, seek civil penalties from noncompliant schools. NYS OCFS regulates child day care programs and may sanction programs that do not comply with the law.

13. How does New York State verify vaccination rates at schools and child day care programs?

The NYSDOH annually conducts surveys of school and child day care immunization coverage and exemption rates. Schools and child day care settings are required to participate in the surveys. Additionally, the NYSDOH audits a sample of schools each year for compliance with PHL Section 2164 and to verify the rates reported in their survey. If any students out of compliance with PHL Section 2164 are discovered during the audit, then the NYSDOH will require the students be excluded from school until they comply with the law. The Department will determine the cause of a school's noncompliance and, where appropriate, seek civil penalties from noncompliant schools. In some counties, the Department has delegated the county health department with authority to assist in conducting audits of schools to verify compliance.

NYS OCFS reviews vaccination records for compliance.

14. Does the new law apply to students who receive special education services?

Yes, the new law applies to students who receive special education services. However, the new legislation does not affect valid medical exemptions, and the United States Department of Education ("USDE") has issued guidance to assist schools in ensuring that students with disabilities under the federal Individuals with Disabilities Education Act ("IDEA") who are medically unable to receive vaccines due to a disability are not discriminated against on the basis of disability. USDE's Office for Civil Rights' [Fact Sheet: Addressing the Risk of Measles in Schools while Protecting the Civil Rights of Students with Disabilities](https://www2.ed.gov/about/offices/list/ocr/docs/ocr-factsheet-measles-201503.pdf) is available at: <https://www2.ed.gov/about/offices/list/ocr/docs/ocr-factsheet-measles-201503.pdf>.

Questions may be directed to the State Education Department's Office of Special Education, Policy Unit, 518-473-2878, SPECED@nysed.gov or to the appropriate [Special Education Quality Assurance Regional Office](#), SEQA@nysed.gov.

15. My child receives educational services from a public, private or parochial school off school grounds. Do they need to be vaccinated?

If a student is enrolled in the school, regardless of where they receive educational services, they will need to comply with the vaccination requirements for schools.

Version: June 18, 2019 – Document will be reissued with additional questions in the future.

This document is in follow-up to [FAQs issued on June 18, 2019](#).

The [2019-20 School Year New York State Immunization Requirements for School Entrance/Attendance](#) is available online.

The Center for Disease Control and Prevention Advisory Committee on Immunization Practices (ACIP) [catch-up immunization schedule](#) is available online.

VACCINATION REQUIREMENTS APPLICABLE TO ALL STUDENTS

Public Health Law §2164, as amended by Chapter 35 of the Laws of 2019 applies to students attending all schools as defined in Public Health Law §2164 to include any public, private or parochial child caring center, day nursery, day care agency, nursery school, kindergarten, elementary, intermediate or secondary schools.

Public Health Law §2164, as amended by Chapter 35 of the Laws of 2019 prohibits a school from permitting any child to be admitted to such school, or to attend such school, in excess of 14 days without sufficient evidence that the child has received all age appropriate required vaccinations. The 14 days may be extended where the student is transferring from out of state or from another country and can show a good faith effort to get the necessary evidence or where the parent, guardian or any other person in parental relationship can demonstrate that a child has received the first age-appropriate dose in each immunization series and that they have age appropriate scheduled appointments for follow-up doses to complete the immunization series in accordance with the CDC's Advisory Committee on Immunization Practices Recommended Immunization Schedules for Persons Aged 0 through 18.

1. Does the new law apply to children's camps issued a permit by the State or local health department?

No. The new legislation applies to schools as defined in Public Health Law §2164 and does not apply to children's camps that are issued a permit by the State or local health department.

2. My child had a religious exemption and attends summer school, or extended school year (ESY) for students with disabilities, which are not children's camps. Does the new law apply to summer school/ESY and if so, what is the

timeline I must follow to get my child vaccinated so my child can continue to attend school?

Yes, the law applies to both summer school and ESY. Proof of immunization must be provided within 14 days after the first day of summer school/ESY. The 14 days may be extended where the student is transferring from out of state or from another country and can show a good faith effort to get the necessary evidence; **or**, where the parent, guardian or any other person in parental relationship can demonstrate that a child has received the first age-appropriate dose in each immunization series within the 14 days and that they have age-appropriate scheduled appointments for follow-up doses to complete the immunization series in accordance with the Advisory Committee on Immunization Practices (“ACIP”) “Recommended Child and Adolescent Immunization Schedules for ages 18 years or younger.”

Thereafter, if such students require additional vaccinations due to entering a new grade level when school starts again in the future, those students must provide evidence of having received any additional age-appropriate required immunizations within 14 days of the first day instruction commences. The 14 days may be extended where the parent, guardian or any other person in parental relationship can demonstrate that a child has received the first age-appropriate dose in each immunization series within the 14 days and that they have age-appropriate scheduled appointments for follow-up doses to complete the immunization series in accordance with the ACIP “Recommended Child and Adolescent Immunization Schedules for ages 18 years or younger.”

<https://www.cdc.gov/vaccines/schedules/hcp/imz/child-adolescent.html>.

3. When do parents need to provide proof of immunization in the fall for students who did not attend summer school or ESY?

Proof of immunization must be provided within 14 days after the first day of instruction in September. The 14 days may be extended where the student is transferring from out of state or from another country and can show a good faith

effort to get the necessary evidence or where the parent, guardian or any other person in parental relationship can demonstrate that a child has received the first age-appropriate dose in each immunization series within the 14 days and that they have age appropriate scheduled appointments for follow-up doses to complete the immunization series.

4. Does the new law apply to attendance at activities that are on school property but open to the general public? Examples may include: SAT prep, sporting events, and plays.

No. The new legislation does not apply to attendance at activities on school property that are open to the general public.

5. My child's school operates year-round, excluding ESY and summer school. When did the new law start applying to year-round schools?

The change in the law took effect on June 13, 2019 and allowed 14 days for children to get their first dose of each required vaccine in order to be admitted to or continue attending school. Therefore, children at year-round schools were required to be vaccinated with the first doses by June 28, 2019. These children must be excluded from school immediately if they do not meet this requirement.

6. Does this new law apply to students aged 18 and older?

No. The mandatory vaccination law only applies to a child, which Public Health Law §2164(1)(b) defines as a person between the ages of two months and 18 years. Once a student reaches the age 18, he/she is no longer required to show proof of immunization.

7. My child's school operates a year-round day care center. When did the new law start applying to these year-round day care centers in schools?

The change in the law took effect on June 13, 2019 and allowed 14 days for children to get their first dose of each required vaccine. Therefore, children at year-round day care centers are required to be vaccinated with the first doses by June 28, 2019. These children must be excluded from day care centers in school immediately if they do not meet these requirements.

8. My child had a religious exemption before the new law was enacted. Is my religious exemption still valid?

No. Religious exemptions are no longer valid in New York State.

9. Does the new requirement apply to charter schools?

Yes.

10. Do I need to schedule all of my child's appointments for all required doses, including all follow-up doses, within 30 days of the first day of attendance?

Parents and guardians must demonstrate, within 30 days of the first day of attendance, that their child has age-appropriate appointments scheduled for the next follow-up doses to complete the immunization series in accordance with the ACIP schedule. However, the actual appointments for the follow-up doses may be more than 30 days out, so long as they are in accordance with the ACIP schedule available online at <https://www.cdc.gov/vaccines/schedules/hcp/imz/child-adolescent.html>.

11. When are follow-up doses required for children who received their first doses prior to the change in law and are overdue for their next doses?

Such students must still receive their next doses as soon as they are due, in accordance with the ACIP schedule. Children must receive all first doses, or overdue follow-up doses if they already received prior doses in a series, within 14 days of school or child day care attendance, and must provide evidence of age appropriate appointments for the next follow-up doses, in accordance with the ACIP schedule, within 30 days of the first day of attendance. All required vaccine schedules must be completed in accordance with the ACIP schedule. Here is a link for the routine immunization and catch up schedules:

<https://www.cdc.gov/vaccines/schedules/hcp/imz/child-adolescent.html>

12. Is the rotavirus vaccine required to attend school?

No.

13. My child never received the pneumococcal vaccine or Haemophilus Influenzae type B (Hib) vaccine as a baby. Now my child is entering kindergarten. According to the ACIP schedule, healthy children age 5 and older don't need these vaccines. Does my child still need these vaccines to attend school?

No. Pneumococcal and Haemophilus Influenzae type B (Hib) vaccines are only required for day cares and pre-kindergarten programs. Children in kindergarten through grade 12 do not need to receive a pneumococcal or Hib vaccine.

14. Who may issue a medical exemption?

Pursuant to Section 2164 of the Public Health Law, only physicians licensed to practice medicine in NYS may issue a medical exemption.

15. Is serological evidence of immunity acceptable proof of immunization for school enrollment?

A positive serologic test can be accepted as proof of immunity for school enrollment only for the following diseases: measles, mumps, rubella, varicella (chickenpox), hepatitis B and all three serotypes of poliomyelitis found in the polio vaccines.

16. If I'm a Group Family Child Care Provider, with my own children in my home, in addition to day care children, what are my options regarding my own children who remain in the home during day care hours and are not vaccinated? Can they remain in another part of the house during day care hours?

In home-based child care programs (family day care and group family day care), a provider's own non-school aged children count in the program's capacity and are considered to be enrolled in the program. The provider must comply with Public Health Law and New York State Child Care Regulations regarding immunizations, and must keep documentation of immunizations all enrolled children have received, including the provider's own children.

17. Are "homeoprophylaxis vaccines" acceptable alternatives for required vaccinations?

No. Only licensed vaccines recommended by the ACIP are acceptable.

18. Are out-of-country immunization records acceptable?

Yes, as long as they are official records and can be read and understood by the school or have been reviewed and signed by a physician licensed to practice medicine in NYS.

19. Are children allowed to follow a delayed vaccination schedule for required vaccines?

No. The ACIP schedule must be used. Delayed vaccination schedules are not permitted.

20. What does the June 30, 2020 date mean in the law?

Until June 30, 2020, a child can attend school if they receive the first age-appropriate dose in each immunization series within 14 days from the first day of school attendance and can show within 30 days that they have scheduled age-appropriate appointments for required follow-up doses. This allows students who were not fully up-to-date on their vaccinations on June 13, 2019, when the law was enacted, to continue to attend school, as long as they receive the first age-appropriate dose in each immunization series within 14 days from the first day of school attendance and can show within 30 days that they have scheduled age-appropriate appointments for required follow-up doses. By June 30, 2020, all students who were attending school at the time the law was enacted are expected to be fully up-to-date on their required immunizations and therefore the 30-day extension allowing such children to be enrolled as long as they have scheduled appointments to complete their immunization series according to the ACIP schedule will expire.

21. Can all required vaccines be given at the same time? Can the schedule be spread out?

Scientific data show that getting several vaccines at the same time does not cause any health problems. If combination vaccines are used, the number of injections can be reduced. The highest number of vaccines that a child might need to attend school or daycare is seven. However, the number varies by age, and older children need fewer doses to catch up. It is important to note that infants routinely get multiple vaccines at once, according to the ACIP schedule. The ACIP schedule is approved by the American Academy of Pediatrics, the American Academy of Family Practice, and is the standard of practice for vaccination in the United States. Vaccines can be

spread out to start, so long as a child receives the first age-appropriate dose in each immunization series within 14 days of the first day of attendance.

22. If a school doesn't receive State Aid, can it offer religious exemptions to the vaccination requirement?

No. All schools must comply with the immunization requirements, regardless of whether they receive State Aid. Public Health Law §2164(1)(a) defines "school" to include any public, private or parochial child caring center, day nursery, day care agency, nursery school, kindergarten, elementary, intermediate or secondary school.

MEDICAL REQUIREMENTS FOR CHILD CARE AND NEW SCHOOL ENTRANTS

(PUBLIC, PRIVATE, PAROCHIAL SCHOOLS AND CHILD CARE CENTERS)

ALL STUDENTS ENTERING A NEW YORK CITY (NYC) SCHOOL OR CHILD CARE FOR THE FIRST TIME MUST HAVE A COMPLETE PHYSICAL EXAMINATION AND ALL REQUIRED IMMUNIZATIONS

The comprehensive medical examination must be documented on a Child Adolescent Health Examination Form (CH205) and include the following:

Weight	Body Mass Index	Medical History
Height	Vision Screening	Developmental Assessment
Blood Pressure	Hearing Screening	Nutritional Evaluation
	Dental Screening	

All students entering NYC public or private schools or child care (including Universal 3K and Pre-Kindergarten classes) for the first time must submit a report of a physical examination performed within one year of school entry. Because children develop and grow so quickly at these early ages, if this initial examination is performed before the student is age 5 years, a second examination, performed between the child's fifth and sixth birthday, is also required. Fillable CH-205 forms that include the student's pre-populated vaccination histories are available in the NYC Citywide Immunization Registry (CIR). A savable version of the pre-populated CH205 is also available in the CIR and is accessible for use to update as needed. For school year 2022-2023, the previous version of the CH205 form produced from the Online Registry will continue to be accepted by all NYC Public Schools, Center/School/Home-Based Care and After-School until it is replaced by the new version.

Anemia Screening	Hematocrit OR Hemoglobin
Lead Screening, Assessment and Testing	<ul style="list-style-type: none"> All children under age 6 years must be assessed annually for lead exposure. Blood lead tests are required for children at ages 1 and 2 years AND other children up to age 6 years if they are at risk of exposure OR if no lead test was previously documented. For more information, call the Lead Poisoning Prevention Program at 311, or visit https://www1.nyc.gov/assets/doh/downloads/pdf/lead/lead-guidelines-children.pdf

IMMUNIZATION REQUIREMENTS 2022-23

The following immunization requirements are mandated by law for all students between the ages of 2 months and 18 years. Children must be excluded from school if they do not meet these requirements. To be considered fully immunized, a child must have an immunization history that includes all of the following vaccines. The child's immunization record should be evaluated according to the grade they are attending this school year.

PROVISIONAL REQUIREMENTS

New students may enter school or child care provisionally with documentation of at least this initial series of immunizations. Once admitted provisionally, subsequent vaccines must be administered in accordance with the Advisory Committee on Immunization Practices (ACIP) "catch up" schedule for the child to be considered "in process" and remain in school (refer to <https://www.cdc.gov/vaccines/schedules/hcp/imz/catchup.html>). If a child does not receive subsequent doses of vaccine at appropriate intervals and according to the ACIP catch-up schedule, the child is no longer in process and must be excluded from school within 14 days after the minimum interval identified by the ACIP catch-up schedule. Alternative schedules are not acceptable. Students must complete the entire series to comply with the law. Students who have not been immunized within the provisional period must be issued exclusion letters and excluded from school or child care until they comply with the requirements.

New York State Immunization Requirements for Child Care and School Entrance/Attendance

Notes: For all settings and grades (child care, head start, nursery, 3K, pre-Kindergarten through 12), intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for children aged 0 through 18 years. Doses received more than 4 calendar days before the recommended minimum age or interval are not valid and do not count. This 4-day grace period does not apply to the recommended 28-day minimum interval between doses of live virus vaccines (i.e., MMR, varicella). Refer to the footnotes for dose requirements and specific information about each vaccine. Children enrolling in gradeless classes should meet immunization requirements for their age-equivalent grade. Children who were not in full compliance before the start of the school year must complete requirements according to the ACIP-recommended catch-up schedule in order to remain in child care or school.

- Documented serologic evidence of immunity to measles, mumps, rubella, hepatitis B, or varicella meets the requirements for these immunizations. Serologic evidence of immunity to polio is acceptable only if results are positive for all three serotypes and testing must have been done prior to September 1, 2019. Diagnosis by a physician, physician assistant or nurse practitioner that a child had varicella disease is acceptable proof of immunity to varicella.
- Diphtheria and tetanus toxoids and acellular pertussis (DTaP) vaccine – (Minimum age: 6 weeks)**
 - Children starting the series on time should receive a five-dose series of DTaP vaccine at ages 2 months, 4 months, 6 months, 15 through 18 months, and age 4 years or older. The fourth dose may be received as early as age 12 months, provided at least 6 months have elapsed since the third dose. However, when retrospectively identified, the fourth dose need not be repeated if it was administered at least 4 months after the third dose. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the prior dose.
 - If the fourth dose was administered at age 4 years or older, the fifth (booster) dose is not necessary.
 - If the fifth dose was received prior to the fourth birthday, a sixth dose, administered at least 6 months after the prior dose, is required.
 - For children born before January 1, 2005, immunity only to diphtheria is required; any diphtheria-containing vaccine can meet the requirement (DTaP, DT, Td, or Tdap).
 - Children ages 7 years and older who are not fully immunized with the childhood DTaP vaccine series should receive Tdap vaccine as the first dose in the catch-up series; if additional doses are needed, either Tdap or Td should be used. If the first dose of DTaP/DTP/DT was received before the first birthday, then four total doses are required to complete the series. If the first dose of DTaP/DTP/DT was received on or after the first birthday, then three total doses are required to complete the series. The final dose must be received on or after the fourth birthday.
- Tetanus and diphtheria toxoids and acellular pertussis (Tdap) vaccine – (Minimum age: 7 years)**
 - Students ages 11 years or older entering grades 6 through 12 are required to have one dose of Tdap.
 - Students without Tdap who are age 10 years upon entry to 6th grade are in compliance until they turn age 11 years.
 - In addition to the grade 6 through 12 requirement, Tdap may also be given as part of the catch-up series for students 7 years of age and older who are not fully immunized with the childhood DTaP series (see footnote 2e).
 - In school year 2022-2023, only doses of Tdap (or DTaP) given at age 10 years or older will satisfy the Tdap requirement for grades 6, 7 and 8; however, doses of Tdap (or DTaP) given at age 7 years or older will satisfy the requirement grades 9 through 12.
 - DTaP should NOT be used on or after the 7th birthday but if inadvertently received, the Tdap requirement is satisfied by doses of DTaP (see footnote 3c).
- Inactivated poliovirus vaccine (IPV) or oral polio vaccine (OPV) – (Minimum age: 6 weeks)**
 - Children starting the series on time should receive IPV at ages 2 months, 4 months, 6 months, 18 months and age 4 years or older. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the prior dose.
 - For students who received their fourth dose before age 4 years: if the 4th dose was prior to August 7, 2010, four doses separated by at least four weeks is sufficient.
 - If the third dose was received at age 4 years or older and at least 6 months after the prior dose, a fourth dose is not necessary.
 - If both OPV and IPV were administered as part of a series, the total number of doses and intervals between doses is the same as that recommended for the IPV schedule. For OPV to count towards the completion of the polio series, the dose(s) must have been given before April 1, 2016, and be trivalent (tOPV).
- Measles, mumps, and rubella (MMR) vaccine – (Minimum age: 12 months)**
 - The first dose of MMR vaccine must be given on or after the first birthday. The second dose must be given at least 28 days (four weeks) after the first dose to be considered valid.
 - Students in kindergarten through grade 12 must receive two doses of measles-containing vaccine, two doses of mumps-containing vaccine and at least one dose of rubella-containing vaccine.
- Hepatitis B (HepB) vaccine – (Minimum age: birth)**
 - The first dose of HepB vaccine may be given at birth or anytime thereafter. The second dose must be given at least four weeks (28 days) after the first dose. The third dose must be given at least eight weeks after the second dose AND at least 16 weeks after dose one AND no earlier than 24 weeks of age.
 - Administration of a total of four doses is permitted when a combination vaccine containing HepB is administered after the birth dose. This fourth dose is often needed to ensure that the last dose in the series is given on or after age 6 months.
 - Two doses of adult HepB vaccine (Recombivax[®]) received at least four months apart at age 11 through 15 years will meet the requirement.
- Varicella (chickenpox) vaccine – (Minimum age: 12 months)**
 - The first dose of varicella vaccine must be given on or after the first birthday. The second dose must be given at least 28 days (four weeks) after the first dose to be considered valid.
 - For children younger than age 13 years, the recommended minimum interval between doses is three months (though, if the second dose was administered at least four weeks after the first dose, it can be accepted as valid); for people aged 13 years and older, the minimum interval between doses is four weeks.
- Meningococcal Vaccine (MenACWY) – (Minimum age: 2 months)**
 - Students entering grades 7, 8, 9, 10 and 11 are required to receive a single dose of meningococcal conjugate vaccine against serogroups A, C, W-135 and Y (MenACWY vaccine).
 - Students entering grade 12 need to receive two doses of MenACWY vaccine, or only one dose of MenACWY vaccine if the first dose was administered at age 16 years or older.
 - If the second dose was administered before age 16 years, then a third dose given on or after age 16 years is required.
 - The minimum interval between doses of MenACWY vaccine is eight weeks.
 - In school year 2022-2023, only doses of MenACWY given at 10 years or older satisfies the requirement for grades 7, 8 and 9, doses given before 10 years will satisfy the requirement for the first dose for grades 10 through 12.
- Haemophilus influenzae type b conjugate vaccine (Hib) – (Minimum age: 6 weeks)**
 - Children starting the series on time and receiving PRP-T Hib vaccine should receive doses at ages 2 months, 4 months, 6 months and 12 through 15 months. If the formulation is PRP-OMP, only two doses are needed before age 12 through 15 months.
 - If 2 doses of vaccine were received before age 12 months, only 3 doses are required, with the third dose at 12 through 15 months and at least 8 weeks after the second dose.
 - If the first dose was received at age 12 through 14 months, only 2 doses are required with second dose at least 8 weeks after the first dose.
 - If the first dose was received at age 15 months or older, no further doses are required.
 - Hib vaccine is not required for children ages 5 years or older.
- Pneumococcal conjugate vaccine (PCV) – (Minimum age: 6 weeks)**
 - Children starting the series on time should receive PCV vaccine at ages 2 months, 4 months, 6 months and 12 through 15 months.
 - Unvaccinated children ages 7 through 11 months must receive two doses, at least four weeks apart, followed by a third dose at age 12 through 15 months and at least eight weeks after the prior dose.
 - Unvaccinated children ages 12 through 23 months must receive two doses at least eight weeks apart.
 - If a dose was received at age 24 months or older, no further doses are required.
 - PCV vaccine is not required for children ages 5 years or older.
 - See PCV chart at <https://www.cdc.gov/vaccines/schedules/downloads/child/job-aids/pneumococcal.pdf>
- Influenza Vaccine -- (Minimum age: 6 months)**
 - All children 6 months through 59 months of age enrolled in NYC Article 47 & 43 regulated Child Care, Head Start, Nursery, or Pre-K programs must receive one dose of influenza vaccine between July 1st and December 31st of each year.
 - Depending on their prior influenza vaccination history, some children may need two doses of influenza vaccine; however, a second dose is not required for school entry. Please refer to the Centers for Disease Control and Prevention ([cdc.gov/flu/](https://www.cdc.gov/flu/)) or New York City Department of Health (www.nyc.gov/health/flu/)

VARICELLA DISEASE TO SATISFY IMMUNIZATION REQUIREMENTS**

INSTRUCTIONS FOR THE REQUESTING MEDICAL PROVIDER

New York State Public Health Law §2164 allows for laboratory documentation of immunity to satisfy the immunization requirements for school/childcare attendance for measles, mumps, rubella, varicella, and hepatitis B. Serologic evidence of immunity to polio is acceptable only if results are positive for all three serotypes and testing was done prior to September 1, 2019. **Serologic results are not acceptable proof of immunity to diphtheria, tetanus, pertussis, meningococcus, pneumococcus, or Haemophilus influenzae type b.** Diagnosis by a physician, physician assistant or nurse practitioner that a child has had varicella (chicken pox) disease is acceptable proof of immunity to varicella. Parent history of varicella disease is not acceptable.

As the child's medical provider, I certify that this child has (select all that apply):

Lab evidence of immunity*: Measles Mumps Rubella Varicella Hepatitis B Polio (3 serotypes)

Varicella disease history*: Varicella disease (must be provider-documented)

* You must include one of the following documents for laboratory evidence of immunity or varicella documentation:

- A copy of the laboratory result including student name, DOB, test results and either reference range or qualitative result (e.g., positive, immune); you must sign the document.
 - Equivocal results are not accepted as proof of immunity.
 - Notes indicating immunity without laboratory test results are not accepted as proof of immunity.
- For varicella disease: documentation or basis for confirming varicella disease.
 - Original note confirming varicella disease when available.
 - Citywide Immunization Registry history page indicating that the child had varicella disease: must be provider-documented; documentation or basis for diagnosis may be requested.
 - Parent history alone is not acceptable documentation for varicella disease.
